THE 21ST CONGRESSIONAL DISTRICT

... covers a tremendous amount of real estate as it stretches from Bexar County on the east to half of Reeves county [almost to Pecos] on the west. It extends from just south of Big Spring on the north to Del Rio on the south.

The district for which State Rep. John Poerner of Hondo is seeking the Congressional seat contains 51,139 square miles. It is larger than 21 of the states in the Union and larger than 11 of them combined.

Total population of the 32 counties [and this includes the portions of Medina, Reeves, Jeff Davis and Brewster counties which are not located within the district] is 1,120,494.

A total of 239,797 persons registered to vote in the counties last year. And of this total, some 105,684 are located in the portion of Bexar County included in the district.

So you can quickly see that Poerner and the other candidates have a tremendous task just getting around the district.

One way all Medina County supporters of Poerner can help is by writing personal letters. If you have friends or relatives who live in this far flung district, write them a letter asking their support for John. And send them along one of his new campaign brochures. It will give them facts on which to base a decision. And who knows, maybe they'll send along some money to help finance the campaign.

SINCE WE'RE POLITICAL

... in this portion of the column, let me urge you to tell your friends, neighbors, relatives and anyone else, including your enemies, about the big fund-raising Chili & Tamale Supper being thrown for Poerner on the night of March 16.

That's on a Saturday, and the event is slated for 7:30 p.m. at the American Legion Hall. Get your tickets now. They are \$5 minimum or you can contribute as much money as you like toward good government.

We'll see you there!

REP. CARL ALBERT

... who is House Speaker at the Capitol in Washington, D.C., says: "There are reasons I couldn't be president. Air Force One can't land at Bug Tussle [that's Bug Tussle, Oklahoma, where Albert hails from]. For another, the people back home just aren't ready for the Whitehouse. They still think a milk producer is a cow."

LITTLE LEAGUE

... officials and members are gearing up for another great season of fun, sportsmanship and good old physical activity.

To put the motion in high gear, officials have mailed a card seeking contributions which will help the League provide activities for more than 200 boys this summer.

"The entire program, from practice to playoffs, actually takes about three and one half months," says president Albert Rowlett. "but actual play is only seven weeks. This year we are expecting an increase in the number of boys and teams."

Little League Association includes players in the Senior, Major and Minor Leagues. Last year these divisions fielded five, six and seven teams respectively.

So if you receive a card in the mail asking you to help, don't throw it away -- write a check and provide a summer sport for young boys that will offer them fun, physical activity and character-building action.

TWO BEAUTIFUL LETTERS

... have come across my desk concerning the present school boycott. But unfortunately, I can't use them because they bore no signature.

Again, let me state the policy of the Anvil Herald. We use letters. We are happy to print them. But they must be signed and will gladly withhold the names on request, but must have them for our files.

So, if the persons who wrote these two letters would like to come by and sign them, we'll gladly run them and withhold your names.

SOMEONE ASKED ME

... to comment on the Parade Saturday morning.

First, I feel the people who wanted the parade had every right to hold one. I can't agree with their purpose, but I feel they had that right.

Now, as far as who was in the parade I certainly did not think some of them should have been there. Hondo people yes. But not the outsiders; I'm sure they can't handle the problems in their own cities, much less come stick their nose into the problems in our city.

Anyway, the parade went smoothly and it was all according to our city ordinance. So I feel we have no argument against it being held.

However, the purpose for which it was held is a different ball game. I still believe that holding young children out of school is doing them irreparable harm.

So to publicize what they call a walkout, but actually is more of a dragout, to me is only compounding the damage they have already done to these youngsters.

Ag-men to hear predator control plans

Farmers and ranchers in Medina County will have an opportunity to learn about an experimental coyote control program on March 18 at 4:00 p.m. at District Court Room in Hondo, announces Glenn Bragg, County Extension Agent for the Texas Agricultural Extension Service.

PRESIDENTIAL SPORTS Award-winner A. T. Dale, 68, shows you don't have to be young to excel in sports. He's completed 650 miles of bicycling since late October, a high enough total to earn the award. Presidential Sports Awards are offered in many areas of sports including bowling, golf, tennis, swimming, rowing and many more. Cycling is in two sub-groups ... bikes with more than five gears, and those with five or less. But this old Miller's DeLuxe bike [made in San Antonio, by the way] was plenty good enough to earn the award. Not only that, but the box on the back fender can hold many aluminum cans, which A. T. picks up and sells after completing his daily 12-mile ride.

New business in Hondo

A new business has been added in the row of retail stores along Avenue M. It's the Carpet and Drapery Design store, owned and operated by Mr. and Mrs. R. J. Chapa.

The store is located at 1720 Avenue M, next door to Finger's Fashions. It provides a wide selection of carpet and drapery

material for sale and installation, as well as a professional carpet-cleaning service.

R. J., brother o E. J. Chapa who is in the furniture business just down the street from the new store, is married and has three children, Jeffery age 8, Joey 5, and Jennifer Lee 4 months.

HHS students make national news

Several Hondo High School students made national news recently just doing something to prepare themselves for future work.

These were students in Mrs. Richard Gwartney's Vocational Office Education class. In becoming "calculating whizzes" these students earned certificates of Proficiency in operating Victor electronic and mechanical calculating machines.

Victor liked the story and picture carried in the Anvil Herald and used it in the company's national publication Contact. The story went something like this:

"Some schools nowadays teach reading, writing, and Victor! At any rate, Texas vocational high schools have been buying Victor machines to teach a course in office machine usage."

"Pete Pedroza's Anvil Office

Equipment in Hondo, Texas, has supplied the schools with the Victor equipment. A federal program, the government buys the best equipment Pedroza offers.

"... In their second year with the program, Hondo High School purchased one electronic printer, two mechanical printers and one display. Jourdanon High School ordered one electronic, one mechanical and two adding machines."

The program at Hondo High School has become very popular with students since they can utilize what they learn in several ways: ie, by going into this work as a career or by using this work to help pay their way through college.

"We at the Anvil Office Equipment are proud to be a part of a program that helps prepare all students who are interested in future careers."

School takes boycott matter to court

The courts will get another chance this week to be a testing ground for the problems caused the Hondo Independent School District by dissatisfied parents and students.

The Hondo School Board is proceeding with the plan to apply for a temporary restraining order and a temporary injunction against those persons responsible for causing the so called walkout in the Hondo schools.

"This will be a class action suit," Superintendent Kenneth Flory said Monday. "It will name several persons and include others in an allegation they are holding students out of school."

Superintendent Flory said that once the temporary restraining order and temporary injunction are granted by the courts, the school will present their case to obtain a permanent status of the two.

"Nothing else has changed," Flory said in a Monday interview. "As of today we did have five or six children back in the elementary and middle schools, but still had 13 students out of high school."

The Superintendent said the school board's position has not changed on dropping charges against the three women filed on earlier for disrupting classes.

"We do not intend to drop these charges," he said.

Few file as election deadline draws near

With the filing deadline approaching for City Council and School Board positions, one new name has emerged on the proposed ballot while all incumbents have filed for re-election.

As of press time Wednesday morning, City Councilman Bud Gwartney had filed for Place #3 re-election, incumbent Hilmer Mueller and David F. Cuellar had filed

for Place #4, and incumbent G. E. (Pete) Pedroza had filed for Place #5.

For the School Board slots, only the three incumbents had filed for re-election.

Deadline for filing for either office is Wednesday, March 6. Elections will be held thirty days later, on April 6.

Pedroza files for re-election

G. E. (Pete) Pedroza, incumbent City Councilman, has placed his name on the ballot for re-election in

the April 6 City elections. He will seek re-election to his Council position, Place #5.

No fuel crunch for T-41's

RANDOLPH AFB, Tex. -- The energy crisis is not expected to have a serious effect on the Air Force Flight Screening Program in Hondo.

To conserve the amount of aviation fuel used in undergraduate pilot training, the Air Force is slowing the rate of training for

officers currently in the program.

This adjustment will delay the entry of some candidates into the Hondo flight program and reduce flying about 15 per cent. The reduction will impact mostly on officers attending the School of Military Sciences, Officer (SMSO) at Lackland AFB. SMSO will terminate sending officer candidates through the pilot training program in February until further notice. Levels of pilot trainees going through the program from the Air National Guard, Air Force Reserve units, ROTC detachments, and allied countries are expected to remain as previously planned.

The Air Force hopes to save approximately 25 million gallons of jet fuel by this slowdown in the number of training flights flown by students in the total UPT program.

Air Force officials have indicated that this action will not have an adverse short-term impact on the mission capability of Air Force units in the field. Pilot requirements will be reviewed on a continuing basis should future program adjustments become necessary.

Cuellar files

David F. Cuellar, 810 15th St., has filed for election to the Hondo City Council, subject to the City elections set for April 6.

He will seek election to City Councilman Place #4, currently held by Hilmer Mueller.

DEDICATION IS SET for March 17, a Sunday for this historical marker on the front of the old Fohn-Bless building, now Bingo Auto Parts. Owners Mr. and Mrs. Rocky Sedgwick [photo] invite everyone to the dedication ceremonies, set for 2 p.m. March 17. Dedication speaker will be State Representative John H. Poerner.

CALCULATING WHIZZES -- These students of Mrs. Gwartney's Office Education class at Hondo High earned national attention for their proficiency in operating Victor Electronic Calculators. Seated are

Carol Barrientes, Debbie Muennink, and Brenda Mazurek. Standing are Mrs. Gwartney, Maria Pina, Lee Beard, Jan Nixon and Pete Pedroza.

Letters from the Mailbox

An Open Letter
To Hondo

Dear Hondo Friends:

We have lived in Hondo just a short time. We lived here, worked here, the kids have grown to school here. We won't active town members having lived all over the country, you know how.

Our daughters death showed us people really do care, not just for us but it is a love for everyone when you won't find in larger cities. My family, who came from California were overwhelmed by the people's kindness and generosity, to have so many people stop by to let us know they care.

Diane loved everyone. She didn't care what color or race you were, rich or poor. Sitting at the funeral home and at church and seeing her little friends come by - Chicanos, black, white - and at a time when Hondo is having a little racial misunderstanding.

I hope everyone saw this and can have the same feeling. We aren't different, we're all the same, all religions loved by the same God.

Thank you, Hondo. As your sign says, "This is God's Country". My family shall take your love home in their hearts and we shall always feel a part of you.

Thank you again for your kindness.

Dear Mr. Lawrence:

Every three years we are required by the Federal Communications Commission to formally ascertain community needs from leaders in our community as well as the public at large.

As a community leader, you were interviewed by this station and I want to thank you for your participation.

A television station means different things to different people. Transmitting entertainment, news and information are the most visible signs, but our responsibilities are not limited to these activities.

Community involvement is a basic foundation of good broadcasting and, to us at WOAI-TV, this means Station Advisory Conferences, Editorials, Public Affairs programming, providing facilities for minority expressions and investigative and documentary reporting.

Our daily contacts with elected officials, welfare and civic agencies, as well as individuals concerned about people in our area, are very important responsibilities which are not taken lightly by WOAI-TV.

Your willingness to talk to members of our staff in our formal ascertainment process is appreciated and your input will be reflected in the future programming of WOAI-TV.

Other towns outside San Antonio in a hurry and with plenty of film. Mr. Cheviot, we would appreciate your helping us build Hondo, not tear it down.]

Dear Mrs. Porter,

I wanted to write you in time for the open house at the base but I just couldn't get around to it. You may already have a copy of this magazine but if you don't you'll be interested in the article starting on page 36 concerning the T-41 program in Hondo. The article is well written and especially interesting to those of us from Hondo who went through training in the T-41 elsewhere. The program is an important step for future Air Force pilots and I'm sure the students will long remember their first flight at Hondo.

Hondo was very fortunate to have been selected for this program.

I wonder if Hondo is doing anything to show its appreciation. While there are many possibilities, support of the program might include a welcoming for each new class, appreciation day for the instructors, providing a solo certificate to each student, and presenting a certificate to the student in each class who is tops in academics or flying. I think a little effort in some of these areas would return big dividends in public relations among the people at the base. Who knows - continued Air Force support of the Hondo air base might someday be determined by someone who is now just a student there. (I'm enclosing a sample solo certificate that might be adapted to the Hondo area to give you an idea of what I mean.)

Incidentally, the article on page 2 describes a mission in the C-5 that is very similar to the missions we fly worldwide in the C-141 here at McChord AFB.

Finally, I wanted to tell you about a book Carol and I found at the Texas Tech museum. Originally published in 1900, "Early Settlers and Indian Fighters of Southwest Texas" by A. J. Sowell is now available in a limited edition two-volume reprint by Argosy Antiquarian Ltd., New York (1964). I'm sure the book would be as interesting to

others in Hondo as it is to us because it has stories about early D'hanis and Castroville and episodes in the lives of numerous individuals such as Ben Highsmith, J. B. Wernecke, Mrs. Sarah Kinchloe, Jacob Haby, and Henry Hartmann (Carol's Great-grandfather). While I thought the Hondo library and high school library might be interested in it, I think the Hondo museum especially should have copies for sale. I'm sure it would make a big hit on museum day.

Tell Chris and Sandy hello for us.

Emanuel and Carol Honig
Tacoma, Washington

P. S. Please send a copy of your "Trails Map". Thanks.

[Editor's Note: I agree with Lieutenant Honig. We, the business people of Hondo, show far too little appreciation for those industries that provide much of our economy. The magazine referred to by Lt. Honig was "The Airman" an excellent publication that is circulated the world over. The story [latest] appeared last November.]

Chamber Corner

Do you have a favorite place you might be planning to visit (gas problems notwithstanding)? If so, come by and see our library of brochures from cities, scenic attractions, and vacation spots around the country. They're very informative and even educational, and you shouldn't plan a trip without considering what's on-the-way-and-back as well as what's-at-the-destination.

This week we sent off fourteen inquiries to Idaho cities in an effort to get more information about that state. Most other states are already represented right here.

Got a letter from Potsdam, N.Y., that says "Dear Mrs. Porter: Your card of March 21, 1973, finally surfaced. We have nothing nearly so interesting in Potsdam except the name, which you can read backwards, as the students here note so often.

Anyway, I prize the card for it is different. I appreciate very much your sending it to me. With all best wishes, Kelsie Har- der, State University College, Potsdam, N.Y."

Outgoing letters numbered 36 this week, and went to Virginia, Indiana, San Antonio, Austin, Corpus Christi, Gretna, Louisiana, Ghana, W. Africa, and Deming New Mexico.

Received a long-distance call from "Family Weekly" Magazine, New York, about our Hondo signs.

Other routine business was as follows:

Housing requests, 6; referrals, 34; other, 2. Job referrals, 7, applications, 4; other, 5.

Maps, brochures and cards, 6; Medina County Trail Maps, 7, 1974 hunting, 2; Salvation Army, 1; Social Security and Drivers license, 3. Other, 5.

That's it till next week.

The legacy that school funds of Texas belong to all the children of this State was retained by Constitutional Convention delegates last week when they voted overwhelmingly to continue the distribution of a \$4 million school fund on a per-student basis as is now prescribed in our present constitution.

The vote eliminated the proposal of the Education Committee to distribute these funds on the basis of needs. Such a basis of distribution would have taken approximately \$140 per student from all schools classified as budget-balanced districts, and would have denied the children in these districts their rightful claim to state funds. In addition, per-scholarship distribution provides the most equitable way of assuring that all school children in the state receive their fair share of the education funds.

Delegates also favored

another firm belief of mine when they adopted the Caldwell amendment to Section 6 of the Education Article. This places back in the new document the constitutional guarantee that a local school district can provide extra funds for enrichment of its educational system if the people of that district are willing to tax themselves for that purpose. Such a guarantee is included in

the present Constitution but had been left out of the Education Article approved by the Education Committee.

The portion of the amendment which gives the districts this guarantee says, "... and these districts may provide local enrichment of educational programs consistent with general law."

I can also breathe easier now that the County

Public School Fund section has been passed on the floor. After Delegate Mauzy's motion to strike the section was defeated, the complete section was passed on the floor without objection.

With these actions by the 181 delegates, I feel we can now offer the people of the State an Education Article that speaks our strong support for the school children of Texas.

Poerner releases brochure

HONDO -- State Rep. John H. Poerner, a candidate for U. S. Congress from the 21st District, has released a four-page brochure outlining the program and objectives on which he will base his campaign.

The folder describes Poerner's "Program for Progress" as a six-point plan to:

Restore integrity and confidence in the Federal Government; provide better government without bigger government; provide federal assistance for soil and water conservation; promote rural development and encourage business and industry in the 21st Congressional

District; maintain a strong military posture in our nation; and demand a dollar's worth of service for every tax dollar.

Also defined in the pamphlet are Poerner's positions on investments by politicians, the water problem, highways, military economy, undue land

taxation and federal aid to education.

These brochures are available for any interested persons to pick up at Poerner's office in Hondo National Bank Building. They also are being distributed, along with bumper stickers, by persons interested in helping Poerner's campaign.

HONDO'S TOP YOUNG FARMER -- William H. Reus of Hondo, center, displays a framed certificate naming 1973's Outstanding Young Farmer by the Texas Bankers Association. With him is his wife and TBA President C. Truett Smith, president of the First State Bank of Wylie. Presentation was made during the 22nd annual Farm and Ranch Credit School for Commercial Bankers Feb. 11-13 at Texas A&M University.

D'Hanis school election set

D'Hanis Independent School Board of Trustees has called an election for Saturday April 6.

Places # 1 and # 2 will be filled in that election. Anyone wishing to run for election may file with the Secretary of the School Board thirty days prior to the election.

Farm Bureau kicks off membership drive

Medina County Farm Bureau met Thursday, February 21, at the New Frontier Restaurant for their annual membership kickoff breakfast.

The group plans to contact individuals and groups to inform them of the organization.

Dick Mitchell, Farm Bureau district field representative, was present to add suggestions and information supporting agriculture.

Directors and agents present were Ralph Graff, James Riff, Myles Weynand, R. A. Rodgers, Edward and Donna Wernecke, Fred Jungman, Thomas Boehme, Richard Moos, H. H. Rabe, Leroy Faseler, Harley Tschirhart, Charles Brown Sr., Fred Yanta, Stella Mumme, Doug Mogford, John Milam and Bob Persyn.

Past Presidents attending were L. J. Wernette, Richard Schweers and R. A. Rodgers.

County Judge Jerome Decker was guest speaker. Decker said there is a problem pertaining to land use which faces the Commissioners Court and it definitely involves all Medina Counties.

He said some action must be taken in the near future to prevent "fly-by-

night" subdividers from coming into the county and dividing, selling and leaving land without workable and sufficient sewers, roads and water systems. Decker said he didn't like the "dirty word" of land use, because of its bad implications toward control of land. He stated that he does not favor any controls to tell someone what should be done on his land, but he said "Something must be done to protect our citizens from those who come in to subdivide, then leave buyers with inadequate sewers, water and roads which create future expense and problems for the county."

Decker favored a law on the state level which would give the county government subdivision authority, which would make it illegal to buy land and sell parcels of it without preparing a subdivision plat for the Commissioners approval. Plats should show plans for all utilities, streets, methods of garbage disposal and utility easement.

Medina County Farm Bureau has stated its favor of county-level land use planning only, in a county convention. Asked to react to a Farm Bureau national policy against federally-controlled land use legislation, Decker said he was in total agreement with the Farm Bureau regarding that bill, H. B. 10294. He requested citizens of the county to write their representatives to request the State legislature to give county government power to control its own affairs.

Decker added that already there are problem areas in the county created by subdividers.

Letters from the Mailbox

An Open Letter To Hondo

Dear Hondo Friends,

We have lived in Hondo just a short time. We lived here before, but the kids have grown to school here. We weren't active town members having lived all over the country, you know.

Our daughters' death seemed as people really do care not just for us but it is a love for everyone which you won't find in larger cities. My family, who came from California, were overwhelmed by the people's kindness and generosity, to have so many people stop by to let us know they care.

These loved everyone. She didn't care what color or race you were, rich or poor. Sitting at the funeral home and at church and seeing her little friends come by - Chicanos, black, white - and at a time when Hondo is having a little racial misunderstanding.

I hope everyone saw this and can have the same feeling. We aren't different, we're all the same, all religions loved by the same God.

Thank you, Hondo. As your sign says, "This is God's Country". My family shall take your love home in their hearts and we shall always feel a part of you.

Thank you again for your kindness.

Dear Mr. Lawrence:

Every three years we are required by the Federal Communications Commission to formally ascertain community needs from leaders in our community as well as the public at large.

As a community leader, you were interviewed by this station and I want to thank you for your participation.

A television station means different things to different people. Transmitting entertainment, news and information are the most visible signs, but our responsibilities are not limited to these activities. Community involvement is a basic foundation of good broadcasting and, to us at WOAI-TV, this means Station Advisory Conferences, Editorials, Public Affairs programming, providing facilities for minority expressions and investigative and documentary reporting.

Our daily contacts with elected officials, welfare and civic agencies, as well as individuals concerned about people in our area, are very important responsibilities which are not taken lightly by WOAI-TV.

Your willingness to talk to members of our staff in our formal ascertainment process is appreciated and your input will be reflected in the future programming of WOAI-TV.

Sincerely,
Edward V. Cheviot
General Manager,
WOAI-TV

[Editor's Note: Mr. Cheviot, we want to thank you for your Friday, Feb. 22, coverage of our school situation. It gave both sides of the question. But unfortunately you TV people only have the time to cover what we feel is the bad news - you never seem to have time to get way out here to Hondo to cover such community building projects like the Junior Livestock Show, Museum Celebration Days, Converting an old depot into a historical museum. Diez y Seis participated in by a majority of the Mexican American citizens. St. John's Festival, our annual Corn Shucking Contest. But let a bunch of power-happy people start shouting discrimination, maltreatment in schools, etc. - bingo, your TV cameramen make it out to Hondo [and all

other towns outside San Antonio] in a hurry and with plenty of film. Mr. Cheviot, we would appreciate your helping us build Hondo, not tear it down.]

Dear Mrs. Porter,

I wanted to write you in time for the open house at the base but I just couldn't get around to it. You may already have a copy of this magazine but if you don't you'll be interested in the article starting on page 36 concerning the T-41 program in Hondo. The article is well written and especially interesting to those of us from Hondo who went through training in the T-41 elsewhere. The program is an important step for future Air Force pilots and I'm sure the students will long remember their first flight at Hondo.

Hondo was very fortunate to have been selected for this program. I wonder if Hondo is doing anything to show its appreciation. While there are many possibilities, support of the program might include a welcoming for each new class, appreciation day for the instructors, providing a solo certificate to each student, and presenting a certificate to the student in each class who is tops in academics or flying. I think a little effort in some of these areas would return big dividends in public relations among the people at the base. Who knows - continued Air Force support of the Hondo air base might someday be determined by someone who is now just a student there. (I'm enclosing a sample solo certificate that might be adapted to the Hondo area to give you an idea of what I mean.)

Incidentally, the article on page 2 describes a mission in the C-5 that is very similar to the missions we fly worldwide in the C-141 here at McChord AFB.

Finally, I wanted to tell you about a book Carol and I found at the Texas Tech museum. Originally published in 1900, "Early Settlers and Indian Fighters of Southwest Texas" by A. J. Sowell is now available in a limited edition two-volume reprint by Argosy Antiquarian Ltd., New York (1964). I'm sure the book would be as interesting to

others in Hondo as it is to us because it has stories about early D'Hanis and Castroville and episodes in the lives of numerous individuals such as Ben Highsmith, J. B. Wernette, Mrs. Sarah Kinch-ale, Jacob Haby, and Henry Hartmann (Carol's Great-grandfather). While I thought the Hondo library and high school library might be interested in it, I think the Hondo museum especially should have copies for sale. I'm sure it would make a big hit on museum day.

Tell Chris and Sandy hello for us.

Emanuel and Carol Honig
Tacoma, Washington

P. S. Please send a copy of your "Trails Map" Thanks.

Chamber Corner

Do you have a favorite place you might be planning to visit (gas problems notwithstanding)? If so, come by and see our library of brochures from cities, scenic attractions, and vacation spots around the country. They're very informative and even educational, and you shouldn't plan a trip without considering what's on-the-way-and-back as well as what's-at-the-destination.

This week we sent off fourteen inquiries to Idaho cities in an effort to get more information about that state. Most other states are already represented right here.

Got a letter from Potsdam, N.Y., that says "Dear Mrs. Porter: Your card of March 21, 1973, finally surfaced. We have nothing nearly so interesting in Potsdam except the name, which you can read backwards, as the students here note so often.

Anyway, I prize the card for it is different. I appreciate very much your sending it to me. With all best wishes, Kelsie Harder, State University College, Potsdam, N.Y."

Outgoing letters numbered 36 this week, and went to Virginia, Indiana, San Antonio, Austin, Corpus Christi, Gretna, Louisiana, Ghana, W. Africa, and Deming New Mexico.

Received a long-distance call from "Family Weekly" Magazine, New York, about our Hondo signs.

Other routine business was as follows:

Housing requests, 6; referrals, 34; other, 2. Job referrals, 7; applications, 4; other, 5.

Maps, brochures and cards, 6; Medina County Trail Maps, 7. 1974 hunting, 2; Salvation Army, 1; Social Security and Drivers license, 3. Other, 5.

That's it till next week.

CONSTITUTIONAL CONVENTION

P. O. Box 13286

Capitol Station

Austin, Texas 78711

by Rep. John Poerner

The legacy that school funds of Texas belong to all the children of this State was retained by Constitutional Convention delegates last week when they voted overwhelmingly to continue the distribution of a \$4 million school fund on a per-student basis as is now prescribed in our present constitution.

The vote eliminated the proposal of the Education Committee to distribute these funds on the basis of needs. Such a basis of distribution would have taken approximately \$140 per student from all schools classified as budget-balanced districts, and would have denied the children in these districts their rightful claim to state funds. In addition, per-scholarship distribution provides the most equitable way of assuring that all school children in the state receive their fair share of the education funds.

Delegates also favored

another firm belief of mine when they adopted the Caldwell amendment to Section 6 of the Education Article. This places back in the new document the constitutional guarantee that a local school district can provide extra funds for enrichment of its educational system if the people of that district are willing to tax themselves for that purpose. Such a guarantee is included in

the present Constitution but had been left out of the Education Article approved by the Education Committee.

The portion of the amendment which gives the districts this guarantee says, "... and these districts may provide local enrichment of educational programs consistent with general law."

I can also breathe easier now that the County

Public School Fund section has been passed on the floor. After Delegate Mauzy's motion to strike the section was defeated, the complete section was passed on the floor without objection.

With these actions by the 181 delegates, I feel we can now offer the people of the State an Education Article that speaks our strong support for the school children of Texas.

Poerner releases brochure

HONDO -- State Rep. John H. Poerner, a candidate for U. S. Congress from the 21st District, has released a four-page brochure outlining the program and objectives on which he will base his campaign.

The folder describes Poerner's "Program for Progress" as a six-point plan to:

Restore integrity and confidence in the Federal Government; provide better government without bigger government; provide federal assistance for soil and water conservation; promote rural development and encourage business and industry in the 21st Congressional

District; maintain a strong military posture in our nation; and demand a dollar's worth of service for every tax dollar.

Also defined in the pamphlet are Poerner's positions on investments by politicians, the water problem, highways, military economy, undue land

taxation and federal aid to education.

These brochures are available for any interested persons to pick up at Poerner's office in Hondo National Bank Building. They also are being distributed, along with bumper stickers, by persons interested in helping Poerner's campaign.

HONDO'S TOP YOUNG FARMER -- William H. Reus of Hondo, center, displays a framed certificate naming 1973's Outstanding Young Farmer by the Texas Bankers Association. With him is his wife and TBA President C. Truett Smith, president of the First State Bank of Wylie. Presentation was made during the 22nd annual Farm and Ranch Credit School for Commercial Bankers Feb. 11-13 at Texas A&M University.

D'Hanis school election set

D'Hanis Independent School Board of Trustees has called an election for Saturday April 6.

Places # 1 and # 2 will be filled in that election. Anyone wishing to run for election may file with the Secretary of the School Board thirty days prior to the election.

Farm Bureau kicks off membership drive

Medina County Farm Bureau met Thursday, February 21, at the New Frontier Restaurant for their annual membership kickoff breakfast.

The group plans to contact individuals and groups to inform them of the organization.

Dick Mitchell, Farm Bureau district field representative, was present to add suggestions and information supporting agriculture.

Directors and agents present were Ralph Graff, James Riff, Myles Weyand, R. A. Rodgers, Edward and Donna Wernette, Fred Jungman, Thomas Boehme, Richard Moos, H. H. Rabe, Leroy Fasler, Harley Tschirhart, Charles Brown Sr., Fred Yanta, Stella Mumme, Doug Mogford, John Milam and Bob Persyn.

Past Presidents attending were L. J. Wernette, Richard Schweers and R. A. Rodgers.

County Judge Jerome Decker was guest speaker. Decker said there is a problem pertaining to land use which faces the Commissioners Court and it definitely involves all Medina Counties.

He said some action must be taken in the near future to prevent "fly-by-

night" subdividers from coming into the county and dividing, selling and leaving land without workable and sufficient sewers, roads and water systems.

Decker said he didn't like the "dirty word" of land use, because of its bad implications toward control of land. He stated that he does not favor any controls to tell someone what should be done on his land, but he said "Something must be done to protect our citizens from those who come in to subdivide, then leave buyers with inadequate sewers, water and roads which create future expense and problems for the county."

Decker favored a law on the state level which would give the county government subdivision authority, which would make it illegal to buy land and sell parcels of it without preparing a subdivision plat for the Commissioners approval. Plats should show plans for all utilities, streets, methods of garbage disposal and utility easement.

Medina County Farm Bureau has stated its favor of county-level land use planning only, in a county convention.

Asked to react to a Farm Bureau national policy against federally-controlled land use legislation, Decker said he was in total agreement with the Farm Bureau regarding that bill, H. B. 10294.

He requested citizens of the county to write their representatives to request the State legislature to give county government power to control its own affairs.

Decker added that already there are problem areas in the county created by subdividers.

College Bound? Look into financial assistance plans

College-bound high school graduates are eligible for several aids to higher education, provided they qualify and apply soon enough.

It's not too early for spring graduates to begin looking into financial assistance programs to make the college road a little less rocky.

Student financial aid may be grouped into four loose categories: scholarships, service awards, loans, and jobs.

Scholarships, or grants-in-aid, are gifts and do not require repayment.

Service awards are based on service rendered, such as athletics or music.

Loans are available from state and federal governments, foundations, banks, and savings and loan foundations.

Jobs range from part-time employment while studying, to cooperative programs or work and study.

Several programs are available to facilitate financing in colleges and Universities:

Hinson-Hazelwood College Student Loans, originally called Texas Opportunity Plan, allow a student to borrow \$1500 per year, at 7 percent interest. Payment of principle and interest are due some months after graduation.

Highest Ranking High School Graduate scholarships are awarded in all accredited high schools. They exempt the student from payment of tuition at public colleges for two semesters of the first regular session following graduation.

Children of Disabled Firemen and Peace Officers are exempt from payment of tuition and fees at public colleges.

Conally-carrillo Act provides for exemption or reduction of tuition and fees if the student graduates in the top 25 percent of his class, and has a gross family income of \$4,800 or less for the previous year.

NDLS, or National Defense Student Loan Programs, require the student to establish the need to receive a maximum of \$1,000 per year at 3 percent interest. Interest begins after the student leaves college. However, all principal and interest repayment may be canceled completely if the student spends five years teaching in low-income areas or teaching the handicapped.

CWSP, or College Work-Study Program, provides employment for students who need help to meet educational expenses. Students must show need, and are limited to fifteen hours of work per week.

EOG, or Basic Educational Opportunity Grants, have a minimum of \$200. Guidelines for qualifications are unclear when compared from various sources. However, a family of four with a combined income of less than \$11,000 and no sizeable assets should have a possibility of qualifying.

Federally Insured Loans are available at many banks, including the Hondo National Bank. The student applies to the bank or participating lending institution for a maximum of \$1500 per year. The federal government will pay the 7 percent interest charge while the student is attending college, if the adjusted family income is less than \$15,000 per year. During the repayment period after the student leaves college, he assumes the interest charge.

Other financial aid programs are available from Social Security Act benefits; Cold War G.I. Bill; Nurse training loans and scholarships; Law Enforcement Education Program; Veterans Administration benefits -- allowance for children whose veteran parent is dead, disabled, a prisoner of war, or missing in action; or institutional scholarships.

What To Do Now
If you will require financial aid for higher education, write to the

financial aid office at the college you plan to attend and tell them you need assistance.

Prepare the 1973 income tax form early. This information will more than likely be needed.

Complete the Parents Confidential Statement or the Family Financial Statement and send it in. Forms are available at the high school counseling office, or at any college financial aid office.

Many colleges offer financial aid in the form of a package deal to qualified students. This may consist of a combination of grant,

work, and loan monies to provide for the student's needs.

Finances are a major stumbling block in the way of a college education. Financial assistance plans are provided to help more students secure a higher education.

Many grants, scholarships, and loan programs go unclaimed each year because no one took the time to find out what was available.

Should you need help or more information concerning financial aid, see your high school counselor.

D'Hanis water district sets April 6 election

Medina County Water Control and Improvement District No. 2, D'Hanis, will hold an election on April 6, 1974, for three members of its Board of Directors.

Terms expiring at that time will be those of John B. Nester, Raymond H. Nester, and Sam J. Zerr.

Mr. John B. Nester will resign when his present term expires. He stated that he has served on the Board as its secretary since it was organized July 27, 1953.

At that time, Board members included Raymond F. Wolff, John Zinsmeyer, Don W. Scott, A. J. Finger, and Nester.

Since then he has managed the affairs of the Water District as a whole, including water utility billing, water district taxes, and now the management of the new sewage disposal system in D'Hanis.

Anyone wishing to run for a position on the Board may file with Mr. Nester at D'Hanis Brick and Tile.

Name change slated for United Gas, Inc.

Houston, Texas -- Jackson C. Hinds, President and Chief Executive Officer of United Gas, Inc., announced today that subject to approval of shareholders the name of United Gas, Inc., will be changed to Entex, Inc.

Details of plans for the change will be released soon.

Since its separation June 30, 1970, from the Pennzoil Company, United Gas, Inc., an independent, investor-owned company, has diversified its activities by the acquisition of Big Chief Drilling Company and by investments in undeveloped real estate and a financial institution. The new name Entex,

HOW A FIRE STARTS is the subject of this lecture at the Scouting Exhibition Saturday. Scouts learn not only fire-fighting, but fire prevention techniques. [Photo by Tony Mendoza]

BLUE AND GOLD BANQUET Tuesday night brought promotions for two Cub Scouts. Here Mr. and Mrs. Arthur Richards [left] pin their son, Patrick, with the Bear badge. Patrick was welcomed into the Webelos den. Mr. and Mrs. Bob Peden pin their son, Scott, with a Bear badge. The banquet was held as Scouting celebrates its 64th Anniversary. [Photo by Tony Mendoza]

Scouting Month observed in Hondo

Scouting is where the action is for St. John's Scout Troop 219 this month, as Scout Month is the month of February. Members of Troop 219 attended the churches of their choice on Scout Sunday, Feb. 10. At the Hondo Public Library, patrols of 219 have a display on Scouting. On February 22-24 the troop will participate in a campout on the Tony Zerr Ranch to improve scouting skills.

A new member to the troop this month is Richard Martin. New officers to be troop are: Owl patrol leader, Chris Cole assisted by Johnny Kalinowski; Eagle patrol leader Hene Sanchez assisted by David Weynand;

troop scribe is Douglas Cole; troop librarian is Rene Sanchez and troop quartermaster is Brian Van De Wale.

Troop meetings are held weekly on Tuesdays at 7:30 p.m. at St. John's Hall. At troop meetings, scouts enjoy games, contests, simple ceremonies and learn new skills. On February 19 troop meeting, Owl Patrol leader, Chris Cole was assisted by patrol members Johnny Kalinowski, Brian Van De Wale, Douglas Cole, Rene Sanchez and Jim Weynand is presenting a program on Rifle and Shotgun Shooting to assist fellow scouts in earning this merit badge in the Scouting Program.

Some of the other programs presented by Scouts in past weeks are: Conservation by Jim Weynand; First Aid Joe Hannemann, Forage Crops by Chris and Douglas Cole and etc.

These Scouts present programs to 4-H clubs which they also belong to in sharing their interest and skills.

Owl patrol meetings are held weekly, on Monday evenings, at 4:15 in the home of Mr. Bill Saathoff, assistant Scoutmaster.

For the month of March, the troop plans to deliver Good Will bags to Hondo residents' doors March 9th. These will be picked up by Scouts on March 16.

If you are a boy having completed the fifth grade or are 11 years of age or older but have not reached age 18 and want to be involved in Scouting call Mr. Jack Heath, Scoutmaster, Troop 219.

--Douglas Cole, Scribe

Rain report sent

Mrs. Agnes Ney of D'Hanis reports their 1973 rainfall as follows:

Jan. 1.40; Feb. 2.65; Mar. .60; April 3.20; May 1.70; June 7.05; July 16.30; Aug. 1.40; Sept. 6.60; Oct. 6.70; Nov. .30; Dec. zero. Total - 47.90 inches.

The report, like others from throughout the County, tells a continuing story of plenty rain followed by no rain at all. The Ney ranch is about ten miles north of D'Hanis.

No matter how good last year was, it doesn't

take long for the ground to parch if rainfall doesn't continue regularly.

The Credit Bureau Service Center is owned and operated by George and Evelyn Pletz and was organized in Devine in 1949, in Hondo in 1956, and in Pearsall in 1950. We cover all of Medina County and Frio County and also Lytle in Atascosa County.

College Bound? Look into financial assistance plans

College-bound high school graduates are eligible for several aids to higher education, provided they qualify and apply soon enough.

It's not too early for spring graduates to begin looking into financial assistance programs to make the college road a little less rocky.

Student financial aid may be grouped into four loose categories: scholarships, service awards, loans, and jobs.

Scholarships, or grants-in-aid, are gifts and do not require repayment.

Service awards are based on service rendered, such as athletics or music.

Loans are available from state and federal governments, foundations, banks, and savings and loan foundations.

Jobs range from part-time employment while studying, to cooperative programs or work and study.

Several programs are available to facilitate financing in colleges and universities:

Hinson-Hazelwood College Student Loans, originally called Texas Opportunity Plan, allow a student to borrow \$1500 per year, at 7 percent interest. Payment of principle and interest are due some months after graduation.

Highest Ranking High School Graduate scholarships are awarded in all accredited high schools. They exempt the student from payment of tuition at public colleges for two semesters of the first regular session following graduation.

Children of Disabled Firemen and Peace Officers are exempt from payment of tuition and fees at public colleges.

Conally-Carrillo Act provides for exemption or reduction of tuition and fees if the student graduates in the top 25 percent of his class, and has a gross family income of \$4,800 or less for the previous year.

NDSL, or National Defense Student Loan Programs, require the student to establish the need to receive a maximum of \$1,000 per year at 3 percent interest. Interest begins after the student leaves college. However, all principal and interest repayment may be canceled completely if the student spends five years teaching in low-income areas or teaching the handicapped.

CWSP, or College Work-Study Program, provides employment for students who need help to meet educational expenses. Students must show need, and are limited to fifteen hours of work per week.

EOG, or Basic Educational Opportunity Grants, have a minimum of \$200. Guidelines for qualifications are unclear when compared from various sources. However, a family of four with a combined income of less than \$11,000 and no sizeable assets should have a possibility of qualifying.

Federally Insured Loans are available at many banks, including the Hondo National Bank. The student applies to the bank or participating lending institution for a maximum of \$1500 per year. The federal government will pay the 7 percent interest charge while the student is attending college, if the adjusted family income is less than \$15,000 per year. During the repayment period after the student leaves college, he assumes the interest charge.

Other financial aid programs are available from Social Security Act benefits; Cold War G.I. Bill; Nurse training loans and scholarships; Law Enforcement Education Program; Veterans Administration benefits -- allowance for children whose veteran parent is dead, disabled, a prisoner of war, or missing in action; or institutional scholarships.

What To Do Now
If you will require financial aid for higher education, write to the

financial aid office at the college you plan to attend and tell them you need assistance.

Prepare the 1973 income tax form early. This information will more than likely be needed.

Complete the Parents Confidential Statement or the Family Financial Statement and send it in. Forms are available at the high school counseling office, or at any college financial aid office.

Many colleges offer financial aid in the form of a package deal to qualified students. This may consist of a combination of grant,

work, and loan monies to provide for the student's needs.

Finances are a major stumbling block in the way of a college education. Financial assistance plans are provided to help more students secure a higher education.

Many grants, scholarships, and loan programs go unclaimed each year because no one took the time to find out what was available.

Should you need help or more information concerning financial aid, see your high school counselor.

D'Hanis water district sets April 6 election

Medina County Water Control and Improvement District No. 2, D'Hanis, will hold an election on April 6, 1974, for three members of its Board of Directors.

Terms expiring at that time will be those of John B. Nester, Raymond H. Nester, and Sam J. Zerr.

Mr. John B. Nester will resign when his present term expires. He stated that he has served on the Board as its secretary since it was organized July 27, 1953.

At that time, Board members included Raymond F. Wolff, John Zinsmeyer, Don W. Scott, A. J. Finger, and Nester.

Since then he has managed the affairs of the Water District as a whole, including water utility billing, water district taxes, and now the management of the new sewage disposal system in D'Hanis.

Anyone wishing to run for a position on the Board may file with Mr. Nester at D'Hanis Brick and Tile.

Name change slated for United Gas, Inc.

Houston, Texas -- Jackson C. Hinds, President and Chief Executive Officer of United Gas, Inc., announced today that subject to approval of shareholders the name of United Gas, Inc., will be changed to Entex, Inc.

Details of plans for the change will be released soon.

Since its separation June 30, 1970, from the Pennzoil Company, United Gas, Inc., an independent, investor-owned company, has diversified its activities by the acquisition of Big Chief Drilling Company and by investments in undeveloped real estate and a financial institution. The new name Entex,

Inc., (energy, transportation, exploration) will more accurately and appropriately describe the company's expanding activities and will completely eliminate the confusion that now exists between the names United Gas, Inc., and United Gas Pipe Line Company, a former affiliate.

Scouting Month observed in Hondo

Scouting is where the action is for St. John's Scout Troop 219 this month, as Scout Month is the month of February. Members of Troop 219 attended the churches of their choice on Scout Sunday, Feb. 10. At the Hondo Public Library, patrols of 219 have a display on Scouting. On February 22-24 the troop will participate in a campout on the Tony Zerr Ranch to improve scouting skills.

A new member to the troop this month is Richard Martin. New officers to the troop are: Owl patrol leader, Chris Cole assisted by Johnny Kalinowski; Eagle patrol leader Hene Sanchez assisted by David Weynand;

troop scribe is Douglas Cole; troop librarian is Rene Sanchez and troop quartermaster is Brian Van De Wale.

Troop meetings are held weekly on Tuesdays at 7:30 p.m. at St. John's Hall. At troop meetings, scouts enjoy games, contests, simple ceremonies and learn new skills. On February 19 troop meeting, Owl Patrol leader, Chris Cole was assisted by patrol members Johnny Kalinowski, Brian Van De Wale, Douglas Cole, Rene Sanchez and Jim Weynand is presenting a program on Rifle and Shotgun Shooting to assist fellow scouts in earning this merit badge in the Scouting Program.

Some of the other programs presented by Scouts in past weeks are: Conservation by Jim Weynand; First Aid Joe Hannemann; Forage Crops by Chris and Douglas Cole and etc.

These Scouts present programs to 4-H clubs which they also belong to in haring their interest and skills.

Owl patrol meetings are held weekly, on Monday evenings, at 4:15 in the home of Mr. Bill Saathoff, assistant Scoutmaster.

For the month of March, the troop plans to deliver Good Will bags to Hondo residents' doors March 9th. These will be picked up by Scouts on March 16.

If you are a boy having completed the fifth grade or are 11 years of age or older but have not reached age 18 and want to be involved in Scouting call Mr. Jack Heath, Scoutmaster, Troop 219.

--Douglas Cole, Scribe

Rain report sent

Mrs. Agnes Ney of D'Hanis reports their 1973 rainfall as follows:

Jan. 1.40; Feb. 2.65; Mar. .60; April 3.20; May 1.70; June 7.05; July 16.30; Aug. 1.40; Sept. 6.60; Oct. 6.70; Nov. .30; Dec. zero. Total - 47.90 inches.

The report, like others from throughout the County, tells a continuing story of plenty rain followed by no rain at all. The Ney ranch is about ten miles north of D'Hanis.

No matter how good last year was, it doesn't

take long for the ground to parch if rainfall doesn't continue regularly.

The Credit Bureau Service Center is owned and operated by George and Evelyn Pletz and was organized in Devine in 1949, in Hondo in 1956, and in Pearsall in 1950. We cover all of Medina County and Frio County and also Lytle in Atascosa County.

4-H NEWS

North Hondo 4-H Club met January 18 at the Methodist Building. Lee Haile called the meeting to order.

Scott Saathoff led the prayer, Keith Saathoff led the song and the tribute to the flag. Andrea Saathoff led the motto and the pledge.

We had two demonstrations -- one of them was given by Andy Gilliam on recycling paper, the other was by Janet Wilson and Rusty Haile on horses. The title was "If In Doubt, Chicken Out."

Mrs. Haile talked about demonstrations and Terri Foster gave a report on Food Show. Monte Bippert gave a report on Rifle Club and Camille Glasscock on the Stock Show.

Mr. Bragg talked about the 4-H Camp to be held the 17th through the 20th of June. It is mostly a recreation camp.

Lee Haile announced that Andy Gilliam will have a bike hike on March 8 at 5 p.m. If you would like to go on this hike, call Mrs. Ralph Gilliam.

Camille Glasscock announced that the photography group will meet March 19 for the first meeting.

Members signed for clothing, recreation and gardening projects.

The meeting was adjourned and Denise Saathoff led the group in a relay game.

Cub Scouts express interest in Museum

One of the main goals in creating the Medina County Museum was to interest young people in history and give them the opportunity to see how their forefathers built this area.

Trips through the Museum by any other group of youngsters help accomplish this goal. And officials of the Museum are always pleased to know their work has not been in vain.

Students honored at Sam Houston

Five county students excelled in classwork at Sam Houston State University and were honored by being placed on the Dean's List of Academic Honors.

Four were from Hondo and include: Robin Gaye Saathoff, freshman, 3.2; Karen Jean Wernette, sophomore, 3.3; Shauna G. White, junior, 3.2; and Deborah Mae Woods, sophomore, 3.1.

From LaCoste Catherine Biediger, freshman, had a 3.5 grade point average.

CAMP FIRE NEWS

On February 19, 1974, the Pi-Ki-Ya Campfire Girls had a normal meeting.

All had refreshments, then went to Jake's Nursery. They learned the names of the plants and they each got a plant of their own to take care of.

Meeting closed.

--Susan Gooch, reporter

Cub Scout News

At Den 2's weekly meeting, the cubs made corsages for their mothers to wear at our annual Blue and Gold Banquet on the 26th. The corsages were pink, blue and yellow. At the bottom of the corsages there was silver and gold lacing. We'd like to thank Mrs. Cyril Van Damme, our den mother, for all the help she has given us.

Chocolate cupcakes were served by Mrs. Bob Van De Walle for refreshments.

Saturday all the cubs of Pack 219 went to open house at the National Guard Armory of Hondo. We especially enjoyed riding in the army tank.

--Curt Van De Walle

Camp Fire seeks monthly meeting date

Jack Gruber, President of the Medina County Camp Fire Board, is polling board members to determine which day of which week each month would be most convenient for their monthly meeting.

The board presently meets 7:30 p.m. the first Tuesday of each month.

Please contact either Jack Gruber or Nancy Fridge and let them know your preference.

The next meeting is Tuesday March 5 at 7:30 p.m. in the Methodist Education Building.

Loving Bluebirds

The meeting of the Loving Bluebirds was held Wednesday afternoon.

The girls had a free day - we played games - everyone enjoyed it for a change.

thing was the guns. They are in the Hondo Museum. I wish I had one. If I did I would take care of it and use it when I need it. Clint Marcus Modgling."

"The most interesting thing in the museum I liked was the dentist chair and the arrowheads. Your dear friend, Arthur Dominguez Jr."

"When we went to the museum I liked the arrowheads and the rattlers to the rattlesnakes best. And I liked the dentist office. But I also liked the guns. And I liked the old time school. And I liked the old time washer. With love, Bradley Gwartney."

And Cub Scouts, the people who have worked so hard to make the Museum possible certainly liked your letters. You can bet your next merit badge on that.

"The most interesting

Library News

Hondo Public Library has received from Mr. and Mrs. D. V. Day and Jeff Day memorial books dedicated to Mrs. Mamie Spratt, Mrs. E. E. Kollman, Frank Hartman, Alvin L. Britsch and Jim Duncan.

Mr. and Mrs. Norman Buescher donated memorials for Alvin Britsch and W. M. Coker. Another memorial for Mr. Britsch was given by Sandra and Joe Mansell.

Much new and interesting material is now on library shelves through the generosity of readers. Two new Literary Guild selections are "The Snare of the Hunter" by Helen McInnes and "Sir Walter Raleigh" by Robert Tracy.

Numerous magazines have been contributed by Mrs. Mildred Teague, Mr. and Mrs. O. M. Redus, the Paul Reilly family, Hon. and Mrs. John H. Poerner, Mr. and Mrs. George H. Retherford, Mrs. Winnie Braden, and Clara Buss Hankins and Emma Buss Hightower, whose gift included ten years' issues of National Geographic, 1963-1973.

Other Welcome gifts included paperbacks and magazines from Mrs. Parker Hanna, and more paperbacks from Mrs. Louise Landers and Liz Maples. Martin Noonan donated "Limbo of the

Lost," by John Wallace, that explores the Bermuda Triangle, one of the great unsolved mysteries of our time.

From Mrs. Roberta Brown of Dallas have come "I was Born Tomorrow" by Grace Nies Fletcher and "Hearts" by Thomas Thompson, also some paperbacks. Other books have been received from Mrs. Alfred Balzen of Athens and Jo Lynn Bragg.

Catherine Gross has contributed a selection of books, among which are mysteries and "The Velvet Covered Brick" by Howard Butt. Two copies of the 1973 Southwest Suburban Telephone directories have been placed in the library's reference section by Maurice Lewis of San Antonio.

Virginia Clift has donated the Vol. 1, 1974 Readers Digest Condensed Books, a four-volume Medical Encyclopedia, "Farm and Ranch Spanish" by G. W. and R. R. Kelly, and other books and paperbacks.

Lela Stout arranged a display of Valentine Craft, and Mrs. O. M. Redus brought in an attractive Valentine flower bouquet for display.

"All those overdue books readers are holding are badly needed by other readers," says Lottie Maw, librarian. "Please return them at your earliest convenience; otherwise, we shall be forced to bill readers for replacement costs. We do not charge a fine on overdue books."

Easily accessible, at any hour, is the bookdrop. Regular library hours are 11:30 a.m. to 5:30 p.m., Monday through Friday.

LUTHERAN MUTUAL
FOUNDED 1879

This week

All she wrote

by Edna McDade

Disappointed, very, is how I felt when I read the final returns of the city's bond election. "Approximately" [not "exactly"] 472 persons of voting age exercised their right to have a say in Hondo's future as the largest city in [and the county seat of] Medina County!

How civic minded can Hondoans get? "Vote as you please but VOTE!"

This voice whispering from the wilderness isn't doing a bit of good, I know, and who asked me, anyway? From the totals, I could almost guess the names of the 53 who voted "yes" on the library issue. Where were the rest of you who use the library's services?

Apathy at election time is not new to Medina Countians. I got so worked up over it that, years ago, I dug through reports of elections way back yonder and, in at least one election, only two persons voted.

I'd offer being willing to "eat crow" if I'm wrong about the state of apathy that seems to overcome voters at election time; but crows, once a pest to be hunted the year 'round, are now classified as threatened or "endangered" creatures, thanks to what one reporter called "some busybuddy among the Washington bureaucracy who must have confused old corvus brachyrhynchos with the complex family of Corvidae" and dealt him a closed season.

Now, enough of politics and game laws except to add that voters who fail to vote [either way] are, themselves, an "endangered" species.

Down from my soap box, I shall to proceed to peck out a few other paragraphs:

Pending or threatened chili cookoffs continue to find news space, for all the much publicized newsprint shortage. Politics is a hot enough subject without political aspirants putting in their tasting spoons.

In some of the contests, women are demanding [or is it now deWOMANing?] equalrights in the usually all-male competitions.

I read a recipe for "Dieter's low calorie chili which can be eaten by diabetics" and here are part of the required ingredients: "Two pounds eye-of-round roast, six tablespoons each chili powder and cumin seed, six cups water and pinto beans boiled in salted water until tender."

The price of the eye-of-round roast might make it dangerous for anyone with a heart condition!

Beans, said the recipe-writer, are a substitute for bread when served with a three-ounce serving of the rib-eye and 1/2 cup of the sauce or gravy.

I doubt that anyone would be adventuresome enough to sneak this one in on the Museum Day festivities! Six tablespoons of cumin seed seems like cominos en demasiao to my uncultured palate!

It's a wonder, in these horse meat marketing days, that somebody hasn't come up with a recipe for Filly Chili. Whoa be unto whomever does!

Maybe GLENN BRAGG doesn't know [or hasn't heard] about it but over Wharton-way, the top soybean producer in the coastal prairie land for 1973 was a farmer named Arnold Hlavinka whose acreage produced 53.5 bushels per acre with the BRAGG variety.

Reason for a Texas-size brag with a double-G! President Nixon should hear about this after saying [in a September talk to reporters] that "I don't even know what a soybean is."

To keep my un-farming savvy from showing too much in the Leading Newspaper of Medina County whose leading industry is agriculture, I developed the habit of reading all [or most all] the farming news that came within reading distance.

"Drouth", a farmer once told me, "is what discourages farmers into trying some other job." Not really, I have found. Once a dedicated farmer, always a farmer, whatever the seasons decide.

Up Texas Panhandle way, the national farm press is sooth-saying [with dubious soothing effect] that drouth cycle of several years duration is due. A dust-spitting almost state-wide drouth has not hit Texas since the late 1950's, in case anyone has forgotten.

Texas Commissioner of Agriculture John White says the current "dry spell" in the Panhandle is as critical as it was in the late '30s when Dust Bowl news filled page one in many newspapers.

Farmers are, by nature, [bless them, all] used to playing a waiting game with Old Man Weather.

Adding to the farmer's woes is the continuing shortage of baling wire which seems to have gone "haywire" sure enough.

June through July of this year, a local Presbyterian Church will observe six "Wholly Weeks" for Youth. "Talk about a smooth idea," said the youth who told me about the plan.

I don't know what the "trapping" situation is in Hondo, but Paris, Texas, trappers are running their traps and hurrying all the way to the bank with the proceeds.

Prices quoted are: Raccoon hides, \$6.50; possum fur \$1; female mink pelts \$5; "and other plets at top prices."

Business is so brisk that animals are frozen whole to await their "turn to be skinned."

Skunks were not even mentioned. Guess they are still being smelled instead of worn?

My occasionally arthritic left knee gave a nostalgic twinge as I watched a group of small sweet young things jumping rope one outdoorsy day last week.

An educator [who should know] claims that "Such rhythmic skills help smooth the transition from childhood to adolescence."

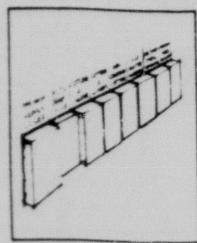

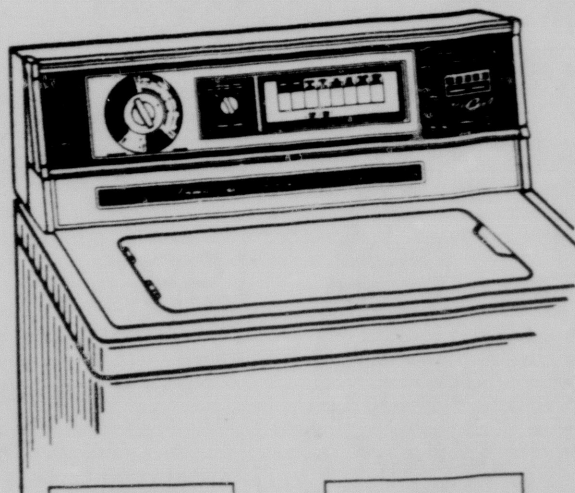

I have long since forgotten my own "transitional" period, if any. But it was a delight to hear again some of the old jumping jingles such as:

"Icka-bicka, soda cracker, Icka-bicka boo/Icka bicka soda cracker, Out goes YOU!"

IN LIKE A LAMB OUT LIKE A LION

If this seems twisted around to you we intended it to be. For in this phrasing it illustrates how most people react to going to their doctor for a physical check-up. It would not be natural if you did not have some worries and thus approached your entrance into his office a little meekly.

But, when it is all over and the doctor has pronounced you fit and well it makes you want to roar out of there like a lion. The air smells a little sweeter and there is a spring to your step you didn't notice before. It's worth going!

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

"A GREAT MANY PEOPLE EN- TRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy? We welcome requests for delivery service and charge accounts."

Scott Saathoff led the prayer. Keith Saathoff led the song and the tribute to the flag. Andrea Saathoff led the motto and the pledge.

We had two demonstrations - one of them was given by Andy Gilliam on recycling paper, the other was by Janet Wilson and Rusty Haile on horses. The title was "If In Doubt, Chicken Out."

Mrs. Haile talked about demonstrations and Terri Foster gave a report on Food Show. Monte Bippert gave a report on Rifle Club and Camille Glasscock on the Stock Show.

Mr. Bragg talked about the 4-H Camp to be held the 17th through the 20th of June. It is mostly a recreation camp.

Lee Haile announced that Andy Gilliam will have a bike hike on March 8 at 5 p.m. If you would like to go on this hike, call Mrs. Ralph Gilliam.

Camille Glasscock announced that the photography group will meet March 19 for the first meeting.

Members signed for clothing, recreation and gardening projects.

The meeting was adjourned and Denise Saathoff led the group in a relay game.

One of the main goals in creating the Medina County Museum was to interest young people in history and give them the opportunity to see how their forefathers built this area.

Trips through the Museum by any other group of youngsters help accomplish this goal. And officials of the Museum are always pleased to know their work has not been in vain.

Students honored at Sam Houston

Five county students excelled in classwork at Sam Houston State University and were honored by being placed on the Dean's List of Academic Honors.

Four were from Hondo and include: Robin Gaye Saathoff, freshman, 3.2; Karen Jean Wernette, sophomore, 3.3; Shauna G. White, junior, 3.2; and Deborah Mae Woolls, sophomore, 3.1.

From LaCoste Catherine Biediger, freshman, had a 3.5 grade point average.

CAMP FIRE NEWS

On February 19, 1974, the Pi-Ki-Ya Campfire Girls had a normal meeting.

All had refreshments, then went to Jake's Nursery. They learned the names of the plants and they each got a plant of their own to take care of.

Meeting closed.

--Susan Gooch, reporter

Cub Scout News

At Den 2's weekly meeting, the cubs made corsages for their mothers to wear at our annual Blue and Gold Banquet on the 26th. The corsages were pink, blue and yellow. At the bottom of the corsages there was silver and gold lacing. We'd like to thank Mrs. Cyril Van Damme, our den mother, for all the help she has given us.

Chocolate cupcakes were served by Mrs. Bob Van De Walle for refreshments.

Saturday all the cubs of Pack 219 went to open house at the National Guard Armory of Hondo. We especially enjoyed riding in the army tank.

--Curt Van De Walle

Camp Fire seeks monthly meeting date

Jack Gruber, President of the Medina County Camp Fire Board, is polling board members to determine which day of which week each month would be most convenient for their monthly meeting.

The board presently meets 7:30 p.m. the first Tuesday of each month.

Please contact either Jack Gruber or Nancy Fridle and let them know your preference.

The next meeting is

Tuesday March 5 at 7:30 p.m. in the Methodist Education Building.

Loving Bluebirds

The meeting of the Loving Bluebirds was held Wednesday afternoon.

The girls had a free day - we played games - everyone enjoyed it for a change.

Cub Scouts express interest in Museum

Their pleasure is doubled when they receive letters like the following ones from Den 1 of the local Cub Scouts:

"When we went to the Museum, the most interesting thing I saw was the arrowheads and rattlers. And the cactus and the old bottles and the old piano and the old chair the dentist sat in. And all them guns and I liked the branding iron. And the operator, the person who sat in that old chair. Michael Saathoff."

"Some of the most interesting things at the Medina County Museum was the dentist chair, shot gun, old telephone, old chair, bullets, horses hoofs, Indian rocks, fence wire and the butter churn. Michael Alex Mendoza."

"The most interesting

thing was the guns. They are in the Hondo Museum. I wish I had one. If I did I would take care of it and use it when I need it. Clint Marcus Modgling."

"The most interesting thing in the museum I liked was the dentist chair and the arrowheads. Your dear friend, Arthur Dominguez Jr."

"When we went to the museum I liked the arrowheads and the rattlers to the rattlesnakes best. And I liked the dentist office. But I also liked the guns. And I liked the old time school. And I liked the old time washer. With love, Bradley Gwartney."

And Cub Scouts, the people who have worked so hard to make the Museum possible certainly liked your letters. You can bet your next merit badge on that.

Library News

Lost," by John Wallace, that explores the Bermuda Triangle, one of the great unsolved mysteries of our time.

From Mrs. Roberta Brown of Dallas, have come "I was Born Tomorrow" by Grace Nies Fletcher and "Hearts" by Thomas Thompson, also some paperbacks. Other books have been received from Mrs. Alfred Balzen of Athens and Jo Lynn Bragg.

Catherine Gross has contributed a selection of books, among which are mysteries and "The Velvet Covered Brick" by Howard Butt. Two copies of the 1973 Southwest Suburban Telephone directories have been placed in the library's reference section by Maurice Lewis of San Antonio.

Virginia Clift has donated the Vol. 1, 1974 Readers Digest Condensed Books, a four-volume Medical Encyclopedia, "Farm and Ranch Spanish" by G. W. and R. R. Kelly, and other books and paperbacks.

Lela Stout arranged a display of Valentine Craft, and Mrs. O. M. Redus brought in an attractive Valentine flower bouquet for display.

"All those overdue books readers are holding are badly needed by other readers," says Lottie Maw, librarian. "Please return them at your earliest convenience; otherwise, we shall be forced to bill readers for replacement costs. We do not charge a fine on overdue books."

Easily accessible, at any hour, is the bookdrop. Regular library hours are 11:30 a.m. to 5:30 p.m., Monday through Friday.

Gems o' wisdom

LUTHERAN MUTUAL
FOUNDED 1879

This week

All she wrote

by Edna McDade

Disappointed, very, is how I felt when I read the final returns of the city's bond election. "Approximately" [not "exactly"] 472 persons of voting age exercised their right to have a say in Hondo's future as the largest city in [and the county seat of] Medina County!

How civic minded can Hondoans get? "Vote as you please but VOTE!"

This voice whispering from the wilderness isn't doing a bit of good, I know, and who asked me, anyway? From the totals, I could almost guess the names of the 53 who voted "yes" on the library issue. Where were the rest of you who use the library's services?

Apathy at election time is not new to Medina Countians. I got so worked up over it that, years ago, I dug through reports of elections way back yonder and, in at least one election, only two persons voted.

I'd offer being willing to "eat crow" if I'm wrong about the state of apathy that seems to overcome voters at election time; but crows, once a pest to be hunted the year 'round, are now classified as threatened or "endangered" creatures, thanks to what one reporter called "some busybuddy among the Washington bureaucracy who must have confused old corvus brachyrhynchos with the complex family of Corvidae" and dealt him a closed season.

Now, enough of politics and game laws except to add that voters who fail to vote [either way] are, themselves, an "endangered" species.

Down from my soap box, I shall to proceed to peck out a few other paragraphs:

Pending or threatened chili cookoffs continue to find news space, for all the much publicized newsprint shortage. Politics is a hot enough subject without political aspirants putting in their tasting spoons.

In some of the contests, women are demanding [or is it now deWOMANing?] equalrights in the usually all-male competitions.

I read a recipe for "Dieter's low calorie chili which can be eaten by diabetics" and here are part of the required ingredients: "Two pounds eye-of-round roast, six tablespoons each chili powder and cumin seed, six cups water and pinto beans boiled in salted water until tender."

The price of the eye-of-round roast might make it dangerous for anyone with a heart condition! Beans, said the recipe-writer, are a substitute for bread when served with a three-ounce serving of the rib-eye and 1/2 cup of the sauce or gravy.

I doubt that anyone would be adventuresome enough to sneak this one in on the Museum Day festivities! Six tablespoons of cumin seed seems like 10 pounds of demasado to my uncultured palate!

It's a wonder, in these horse meat marketing days, that somebody hasn't come up with a recipe for Filly Chili. Whoa be unto whomever does!

Maybe GLENN BRAGG doesn't know [or hasn't heard] about it but over Wharton-way, the top soybean producer in the coastal prairie land for 1973 was a farmer named Arnold Hlavinka whose acreage produced 53.5 bushels per acre with the BRAGG variety.

Reason for a Texas-size brag with a double-G! President Nixon should hear about this after saying [in a September talk to reporters] that "I don't even know what a soybean is."

To keep my un-farming savvy from showing too much in the Leading Newspaper of Medina County whose leading industry is agriculture, I developed the habit of reading all [or most all] the farming news that came within reading distance.

"Drouth", a farmer once told me, "is what discourages farmers into trying some other job." Not really, I have found. Once a dedicated farmer, always a farmer, whatever the seasons decide.

Up Texas Panhandle way, the national farm press is sooth-saying [with dubious soothing effect] that drouth cycle of several years duration is due. A dust-spittin' almost state-wide drouth has not hit Texas since the late 1950's, in case anyone has forgotten.

Texas Commissioner of Agriculture John White says the current "dry spell" in the Panhandle is as critical as it was in the late '30s when Dust Bowl news filled page one in many newspapers.

Farmers are, by nature, [bless them, all] used to playing a waiting game with Old Man Weather.

Adding to the farmer's woes is the continuing shortage of baling wire which seems to have gone "haywire" sure enough.

June through July of this year, a local Presbyterian Church will observe six "Wholly Weeks" for Youth. "Talk about a smooth idea," said the youth who told me about the plan.

I don't know what the "trapping" situation is in Hondo, but Paris, Texas, trappers are running their traps and hurrying all the way to the bank with the proceeds.

Prices quoted are: Raccoon hides, \$6.50; possum fur \$1; female mink pelts \$5; "and other pelts at top prices."

Business is so brisk that animals are frozen whole to await their "turn to be skinned."

Skunks were not even mentioned. Guess they are still being smelled instead of worn?

My occasionally arthritic left knee gave a nostalgic twinge as I watched a group of small sweet young things jumping rope one outdoorsy day last week.

An educator [who should know] claims that "Such rhythmic skills help smooth the transition from childhood to adolescence."

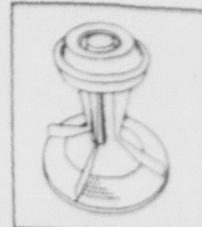

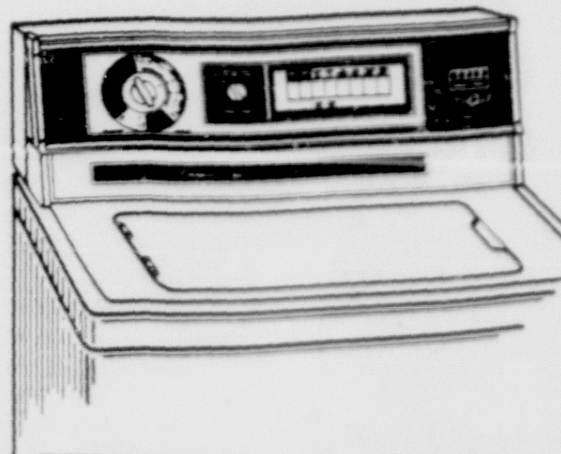

I have long since forgotten my own "transitional" period, if any. But it was a delight to hear again some of the old jumping jungles such as:

"Icka-bicka, soda cracker, Icka-bicka boo/Icka bicka soda cracker, Out goes YOU!"

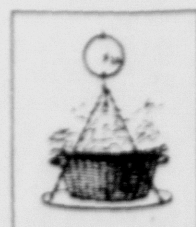

NORGE by FEDDERS

SUPERWASHER

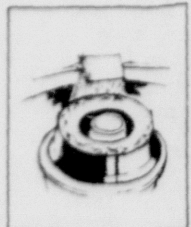

THE ONLY HOME WASHER THAT DOES 20-LBS. OF CLOTHES... saves time, soap, water, money.

TURBOSWEEP 202 AGITATOR - creates a powerful water turbulence that gets clothes really clean - yet is gentle enough for delicate fabrics.

WORLD'S BIGGEST CAPACITY - gives all clothes room to stretch and flex - lets permanent press hold its shape plus special cool-down cycle prevents spin-set wrinkles.

AUTOMATIC LINT FILTER - exclusive system moves lint from wash-water sump before it's formed - special filter pan traps and balls lint for easy removal.

PLUS... YOU GET ALL THIS

• Full 30 minute automatic soak cycle • A special button for delicate fabrics • Water Saver operates at 2 lbs. to 20 lbs. • Automatic Dispensers - one for bleach, one for fabric conditioner • World's biggest home laundry motor - 1/2 H.P. • Porcelain Top and reversible Lid • Safety shut-off brake system • UL listed

IN LIKE A LAMB OUT LIKE A LION

If this seems twisted around to you we intended it to be. For in this phrasing it illustrates how most people react to going to their doctor for a physical check-up. It would not be natural if you did not have some worries and thus approached your entrance into his office a little meekly.

But, when it is all over and the doctor has pronounced you fit and well it makes you want to roar out of there like a lion. The air smells a little sweeter and there is a spring to your step you didn't notice before. It's worth going!

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

A GREAT MANY PEOPLE EN- TRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy? We welcome requests for delivery service and charge accounts."

Local girls win in 4-H Food Show

Six local girls competed against youth from 18 surrounding counties in the District 13 4-H Food Show Saturday in Devine. Cathy Cox, North Hondo 4-H Club, won top honors in the Senior Bread and

Dessert Division and will represent District 13 at the State Food Show on June 4. She won first place with her Cranberry Chiffon Pie.

Lisa Schweers, North Hondo 4-H Club, won top

honors with her Gulf Coast Shrimp Mold in the Junior Snacks and Beverages.

Angela Braden, South Hondo Unit 1 4-H Club, also won first place in the Pre-teen Bread and Desserts Division.

Terri Lynn Foster, North Hondo 4-H Club, won second place and a blue award for her Lone Star Chicken Rolls in the Junior Main Dish Division.

Mariette Aelvoet won a Blue Award and third place with her Green Enchiladas. Mariette is a member of South Hondo Unit 1 and entered the Senior Main Dish Division.

Jessica Muennink won a Red Award for her gelatin mold that she entered in the Pre-teen Side Dish Division. She is a member of South Hondo Unit 1 4-H Club.

FIRST PLACE WINNERS in their division at the District 13 4-H Food Show held February 23 in Devine include [l-r]: Angela Braden, Cathy Cox, and Lisa Jo Schweers.

COUNTY PARTICIPANTS in the District 13 4-H Food Show included [back row, l-r]: Mariette Aelvoet, Cathy Cox, Front row: Angela Braden, Terri Lynn Foster, Jessica Muennink, and Lisa Jo Schweers, all of Hondo.

County students make SWTSU Dean's List

SAN MARCOS -- Thirty Medina County students at Southwest Texas State University are among the 1,021 university students whose fall semester grades earned them places on the all term Dean's Honor list.

To make the regular honors list, a student must be enrolled for a minimum of 12 semester hours of course work, excluding physical education activities, and have at least an overall "B" average.

The top academic list, the Superior Dean's Honor list, requires students to have grades of "A" in at least 12 of the required 15 hours of course work, and to lower than a "B" in their other three-hour course. This averages out to a minimum grade-point average of 3.8 on the four-point scale.

The students whose scholastic average earned them a spot on the honors list are:

Superior Honor Roll
Anthony P. Stinson, Castroville; Debra A. Cheney, D'Hanis; Yvonne M. Saathoff, Dunlay; John H. Nowlin, Devine; Marcy N. Garrison, David A. McGuffin and Lee A. McWilliams, all of Hondo;
Honor Roll
Joe A. Dallal and George D. Holzhaus, both of Castroville; Paulette A. Bendele, Allegra L. Butts and Neva P. Muennink, of Devine; Mary A. Dubber-

ly, Susan V. Graff, Sharon E. Haass, Robert A. Marquis, Janice A. Martin, Claire D. Miller, Janice D. Poole, Diane L. Schulte, Gary L. Walch, Clifton L. Wiemers, Delwin D. Wiemers, Gordon O. Wiemers, Billy N. Williams and Peggy L. Wilson, all of Hondo; Rodney C. Hitzfelder of LaCoste; Martha B. Barta and Elizabeth M. Lessing of Natalia and Alva A. Stein of Rio Medina.

Sons of Hermann plan membership campaign

The Order of the Sons of Hermann in Texas will honor its pioneers with a Founders' Month membership campaign from March 1 through 31, Henry Reimer, grand president of the organization, has announced.

Initial lodge was founded in San Antonio on July 6, 1861, and was the only lodge in the state for almost 29 years. Then on March 27, 1890, with the Alamo in the background, leaders of that lodge and pioneers from seven other cities and towns, formed the Texas Grand Lodge and a statewide organization that had 242 members.

There are 161 lodges and some 73,000 members today in about 100 communities, including Hondo. The organization is well known for its many fraternal activities for men, women and children, including dancing schools and a summer camp for the latter.

Reimer has appointed Louis Engelke, first grand vice president at the Grand Lodge in San Antonio, as chairman of the campaign honoring the

German pioneers. Special and regular campaign awards will be given to members who successfully recommend new members during March.

Boys and girls, nine through 13 years of age, who become affiliated during the drive, can qualify for this summer's Hermann Sons Youth Summer Camp at Comfort, Texas.

SCHOOL LUNCH MENU

March 4-8
MONDAY -- Hot Dogs, Salad, Potato Chips, Pineapple Upside Down Cake.
TUESDAY -- Salisbury Steak, Catsup, Mashed Potatoes, Blackeyed Peas, Orange Juice.
WEDNESDAY -- Frito Loaf, Beans, Jello Salad, Cornbread.
THURSDAY -- Salmon Loaf, Catsup, Buttered Noodles, Peas, Oatmeal Cookies.
FRIDAY -- Meat Pattie and Gravy, Buttered Corn Grits, Green Beans, Hot Rolls.

Proper pruning helps fruit trees

Fruit trees usually live longer and produce more fruit when they receive proper pruning, notes Glenn Bragg, County Agent for the Texas Agricultural Extension Service.

Larger fruits and better fruit colors result from better light distribution throughout the tree after pruning. Cultivation, spraying and harvesting are also made easier by pruning.

With annual pruning, the growth of a tree can be guided to establish secure branches correctly on the main trunk. By selecting and establishing scaffold branches early, you can avoid many large cuts later on, points out Bragg.

First, prune dead or dying wood and suckers growing from the trunk and large limbs. Next remove interfering branches.

Prune limbs that grow inward, criss-cross through the tree or lie directly on or over another. Leave only those limbs that

radiate outward. After suckers and interfering branches are removed, thin the remaining terminal growth. Use discrimination and regularity when pruning the tips of branches.

Make all pruning cuts flush with and parallel to the branch structure, advises the agent. When removing the end of a branch, make the cut just beyond a side branch since close cuts heal faster. Although late winter is the best pruning time, do not prune trees in extremely cold weather as trees may be injured.

Treat all wounds with a suitable wound dressing.

HERE IN HONDO

Albert N. Rowlett of Hondo attended the Lutheran Mutual Life Insurance Company's Leaders Conference held February 16-19 at the Maria Isabel-Sheraton Hotel in Mexico City, Mexico. Mrs. Rowlett accompanied him on the trip south of the border.

Two musicians from county participate in A&I recital

KINGSVILLE -- Eight students, with one each from Hondo and Devine, participated in recital by the Music Department of Texas A&I University in Kingsville Tuesday in the concert hall of the Frank C. Smith Fine Arts Center.

Performers included Thomas Tuggle of Tulosomidway, bass trombone; Herbert Lopez of Bishop, marimba; Abel Dominguez of Hondo, saxophone; Hector Loya of Hebbronville, euphonium; Barbara

Elliott of Three Rivers, clarinet; Jeanie St. Leger of Devine, euphonium; Mariann Coleman of Kingsville, piano; and Juan Lozano of Kingsville, piano.

Tuggle will perform "Concertino Basso" by Lieb; Lopez, "Concertino in A Minor" by Bach; Dominguez, "Intermezzo" by Granados; Loya, two movements of "Sonata in F minor" by Telemann; Elliott, "Concerto in E. Flat" by Rossler; St. Leger, "Reverie De Prin-

temps" by Jean-Jean; Coleman, "Pour le Piano" by Debussy; and Lozano, "Pavane" by Ravel.

Bible conference in SA Monday

A South Texas Bible Conference, sponsored by eight area Baptist Associations, and featuring three outstanding Bible teachers, will meet at the First Baptist Church in San Antonio March 4-6. Dr. J. Sidlow Baxter, former pastor of the Charlotte Baptist Chapel in Edinburgh, Scotland, will team with two North Carolinians, Dr. Vance Havner, and Dr. Eddie Lieberman, to bring more than eleven hours of Biblical instruction during the conference.

Born in Sidney Australia, Dr. Baxter was brought up in England. He studied at Spurgeon's College. He is the author of several books, including a commentary on the entire Bible.

Eddie Lieberman was raised in an Orthodox Jewish home. He was arrested six times as a youth, the last being at the age of 19 when he was imprisoned in a federal house of correction. While in prison he was given a New Testament, which led to his conversion. He later became an evangelist and

is today one of America's leading Bible teachers.

Vance Havner was reared in the hills of North Carolina. He began preaching at the age of twelve and was ordained at fifteen. For five years he pastored the First Baptist Church of Charleston, South Carolina, the south's oldest Baptist church. He has been a travelling evangelist and Bible teacher since 1940.

Conference sessions will begin at 7:00 p.m. Monday and Tuesday, 9:30 a.m. Tuesday and Wednesday, and 2:00 p.m. Tuesday. The conference will end at noon Wednesday.

The sponsors invite the public to take advantage of this Bible study opportunity. There is no admission charge and no offering will be received.

Sons of Hermann plan membership campaign

The Order of the Sons of Hermann in Texas will honor its pioneers with a Founders' Month membership campaign from March 1 through 31, Henry Reimer, grand president of the organization, has announced.

Initial lodge was founded in San Antonio on July 6, 1861, and was the only lodge in the state for almost 29 years. Then on March 27, 1890, with the Alamo in the background, leaders of that lodge and pioneers from seven other cities and towns, formed the Texas Grand Lodge and a statewide organization that had 242 members.

There are 161 lodges and some 73,000 members today in about 100 communities, including Hondo. The organization is well known for its many fraternal activities for men, women and children, including dancing schools and a summer camp for the latter.

Reimer has appointed Louis Engelke, first grand vice president at the Grand Lodge in San Antonio, as chairman of the campaign honoring the

German pioneers. Special and regular campaign awards will be given to members who successfully recommend new members during March.

Boys and girls, nine through 13 years of age, who become affiliated during the drive, can qualify for this summer's Hermann Sons Youth Summer Camp at Comfort, Texas.

SCHOOL LUNCH MENU

March 4-8
MONDAY -- Hot Dogs, Salad, Potato Chips, Pineapple Upside Down Cake.
TUESDAY -- Salisbury Steak, Catsup, Mashed Potatoes, Blackeyed Peas, Orange Juice.

WEDNESDAY -- Frito Loaf, Beans, Jello Salad, Cornbread.

THURSDAY -- Salmon Loaf, Catsup, Buttered Noodles, Peas, Oatmeal Cookies.

FRIDAY -- Meat Pattie and Gravy, Buttered Corn Grits, Green Beans, Hot Rolls.

Proper pruning helps fruit trees

Fruit trees usually live longer and produce more fruit when they receive proper pruning, notes Glenn Bragg, County Agent for the Texas Agricultural Extension Service.

Larger fruits and better fruit colors result from better light distribution throughout the tree after pruning. Cultivation, spraying and harvesting are also made easier by pruning.

With annual pruning, the growth of a tree can be guided to establish secure branches correctly on the main trunk. By selecting and establishing scaffold branches early, you can avoid many large cuts later on, points out Bragg.

First, prune dead or dying wood and suckers growing from the trunk and large limbs. Next remove interfering branches.

Prune limbs that grow inward, criss-cross through the tree or lie directly on or over another. Leave only those limbs that

radiate outward.

After suckers and interfering branches are removed, thin the remaining terminal growth. Use discrimination and regularity when pruning the tips of branches.

Make all pruning cuts flush with and parallel to the branch structure, advises the agent. When removing the end of a branch, make the cut just beyond a side branch since close cuts heal faster.

Although late winter is the best pruning time, do not prune trees in extremely cold weather as trees may be injured.

Treat all wounds with a suitable wound dressing.

HERE IN HONDO

Albert N. Rowlett of Hondo attended the Lutheran Mutual Life Insurance Company's Leaders Conference held February 16-19 at the Maria Isabel-Sheraton Hotel in Mexico City, Mexico. Mrs. Rowlett accompanied him on the trip south of the border.

Gun Club to meet Monday

The Medina County Gun Club will hold a regular meeting at 7:30 p.m. Monday, March 4, at the Indoor Range.

Items of business to be discussed include a metallic silhouette target shoot to be held Sunday March 10 and a Basic Marksmanship Class for women. Any one interested in shooting is invited to attend this meeting.

CampFire seeks monthly meeting date

Jack Gruber, President of the Medina County Camp Fire Board, is polling board members to determine which day of which week each month would be most convenient for their monthly meeting.

The board presently meets 7:30 p.m. the first Tuesday of each month.

Please contact either Jack Gruber or Nancy Fridle and let them know your preference.

The next meeting is Tuesday March 5 at 7:30 p.m. in the Methodist Education Building.

Loving Bluebirds

The meeting of the Loving Bluebirds was held Wednesday afternoon.

The girls had a free day - we played games - everyone enjoyed it for a change.

This week

All she wrote

by Edna McDade

Disappointed, very, is how I felt when I read the final returns of the city's bond election. "Approximately" [not "exactly"] 472 persons of voting age exercised their right to have a say in Hondo's future as the largest city in [and the county seat of] Medina County!

How civic minded can Hondoans get? "Vote as you please but VOTE!"

This voice whispering from the wilderness isn't doing a bit of good, I know, and who asked me, anyway? From the totals, I could almost guess the names of the 53 who voted "yes" on the library issue. Where were the rest of you who use the library's services?

Apathy at election time is not new to Medina Countians. I got so worked up over it that, years ago, I dug through reports of elections way back yonder and, in at least one election, only two persons voted.

I'd offer being willing to "eat crow" if I'm wrong about the state of apathy that seems to overcome voters at election time; but crows, once a pest to be hunted the year 'round, are now classified as threatened or "endangered" creatures, thanks to what one reporter called "some busybuddy among the Washington bureaucracy who must have confused old corvus brachyrhynchos with the complex family of Corvidae" and dealt him a closed season.

Now, enough of politics and game laws except to add that voters who fail to vote [either way] are, themselves, an "endangered" species.

Down from my soap box, I shall to proceed to peck out a few other paragraphs: Pending or threatened chili cookoffs continue to find news space, for all the much publicized newsprint shortage. Politics is a hot enough subject without political aspirants putting in their tasting spoons.

In some of the contests, women are demanding [or is it now deWOMANing?] equalrights in the usually all-male competitions.

I read a recipe for "Dieter's low calorie chili which can be eaten by diabetics" and here are part of the required ingredients: "Two pounds eye-of-round roast, six tablespoons each chili powder and cumin seed, six cups water and pinto beans boiled in salted water until tender."

The price of the eye-of-round roast might make it dangerous for anyone with a heart condition! Beans, said the recipe-writer, are a substitute for bread when served with a three-ounce serving of the rib-eye and 1/2 cup of the sauce or gravy.

I doubt that anyone would be adventuresome enough to sneak this one in on the Museum Day festivities! Six tablespoons of cumin seed seems like a comin' on demasiao" to my uncultured palate!

It's a wonder, in these horse meat marketing days, that somebody hasn't come up with a recipe for Filly Chili. Whoa be unto whomever does!

Maybe GLENN BRAGG doesn't know [or hasn't heard] about it but over Wharton-way, the top soybean producer in the coastal prairie land for 1973 was a farmer named Arnold Hlavinka whose acreage produced 53.5 bushels per acre with the BRAGG variety.

Reason for a Texas-size brag with a double-G! President Nixon should hear about this after saying [in a September talk to reporters] that "I don't even know what a soybean is."

To keep my un-farming savvy from showing too much in the Leading Newspaper of Medina County whose leading industry is agriculture, I developed the habit of reading all [or most all] the farming news that came within reading distance.

"Drouth", a farmer once told me, "is what discourages farmers into trying some other job." Not really, I have found. Once a dedicated farmer, always a farmer, whatever the seasons decide.

Up Texas Panhandle way, the national farm press is sooth-saying [with dubious soothing effect] that drouth cycle of several years duration is due. A dust-spittin' almost state-wide drouth has not hit Texas since the late 1950's, in case anyone has forgotten.

Texas Commissioner of Agriculture John White says the current "dry spell" in the Panhandle is as critical as it was in the late '30s when Dust Bowl news filled page one in many newspapers.

Farmers are, by nature, [bless them, all] used to playing a waiting game with Old Man Weather.

Adding to the farmer's woes is the continuing shortage of baling wire which seems to have gone "haywire" sure enough.

June through July of this year, a local Presbyterian Church will observe six "Wholly Weeks" for Youth. "Talk about a smooth idea," said the youth who told me about the plan.

I don't know what the "trapping" situation is in Hondo, but Paris, Texas, trappers are running their traps and hurrying all the way to the bank with the proceeds.

Prices quoted are: Raccoon hides, \$6.50; possum fur \$1; female mink pelts \$5; "and other plets at top prices."

Business is so brisk that animals are frozen whole to await their "turn to be skinned."

Skunks were not even mentioned. Guess they are still being smelled instead of worn?

My occasionally arthritic left knee gave a nostalgic twinge as I watched a group of small sweet young things jumping rope one outdoorsy day last week.

An educator [who should know] claims that "Such rhythmic skills help smooth the transition from childhood to adolescence."

I have long since forgotten my own "transitional" period, if any. But it was a delight to hear again some of the old jumping jingles such as:

"Icka-bicka, soda cracker, Icka-bicka boo/Icka bicka soda cracker, Out goes YOU!"

Henry Block has 17 reasons why you should come to us for income tax help.

Reason 16. We'll try to do everything we can to save you money. After all, we want your business again next year.

1607 Ave. K HONDO Open 9 a.m. - 6 p.m. Weekdays 9 - 5 Saturdays 426-3969 No Appointment Necessary

4-H NEWS

North Hondo 4-H Club met January 18 at the Methodist Building. Lee Haile called the meeting to order.

Scott Saathoff led the prayer, Keith Saathoff led the song and the tribute to the flag. Andrea Saathoff led the motto and the pledge.

We had two demonstrations - one of them was given by Andy Gilliam on recycling paper, the other was by Janet Wilson and Rusty Haile on horses.

The title was "If In Doubt, Chicken Out."

Mrs. Haile talked about demonstrations and Terri Foster gave a report on Food Show. Monte Bippert gave a report on Rifle Club and the Stock Show.

Mr. Bragg talked about the 4-H Camp to be held the 17th through the 20th of June. It is mostly a recreation camp.

Lee Haile announced that Andy Gilliam will have a bike hike on March 8 at 5 p.m. If you would like to go on this hike, call Mrs. Ralph Gilliam.

Camille Glasscock announced that the photography group will meet March 19 for the first meeting.

Members signed for clothing, recreation and gardening projects.

The meeting was adjourned and Denise Saathoff led the group in a relay game.

Students honored at Sam Houston

Five county students excelled in classwork at Sam Houston State University and were honored by being placed on the Dean's List of Academic Honors.

Four were from Hondo and include: Robin Gaye Saathoff, freshman, 3.2; Karen Jean Wernette, sophomore, 3.3; Shauna G. White, junior, 3.2; and Deborah Mae Woolls, sophomore, 3.1.

From LaCoste Catherine Biediger, freshman, had a 3.5 grade point average.

CAMP FIRE NEWS

On February 19, 1974, the Pi-Ki-Ya Campfire Girls had a normal meeting.

All had refreshments, then went to Jake's Nursery. They learned the names of the plants and they each got a plant of their own to take care of.

Meeting closed. --Susan Gooch, reporter

Cub Scout News

At Den 2's weekly meeting, the cubs made corsages for their mothers to wear at our annual Blue and Gold Banquet on the 26th. The corsages were pink, blue and yellow. At the bottom of the corsages there was silver and gold lacing. We'd like to thank Mrs. Cyril Van Damme, our den mother, for all the help she has given us.

Chocolate cupcakes were served by Mrs. Bob Van De Walle for refreshments.

Saturday all the cubs of Pack 219 went to open house at the National Guard Armory of Hondo. We especially enjoyed riding in the army tank.

--Curt Van De Walle

Library News

Hondo Public Library has received from Mr. and Mrs. D. V. Day and Jeff Day memorial books dedicated to Mrs. Mamie Spratt, Mrs. E. E. Kollman, Frank Hartman, Alvin L. Britsch and Jim Duncan.

Mr. and Mrs. Norman Buescher donated memorials for Alvin Britsch and W. M. Coker. Another memorial for Mr. Britsch was given by Sandra and Joe Mansell.

Much new and interesting material is now on library shelves through the generosity of readers. Two new Literary Guild selections are "The Snare of the Hunter" by Helen McInnes and "Sir Walter Raleigh" by Robert Tracy.

Numerous magazines have been contributed by Mrs. Mildred Teague, Mr. and Mrs. O. M. Redus, the Paul Reilly family, Hon. and Mrs. John H. Poerner, Mr. and Mrs. George H. Retherford, Mrs. Winnie Braden, and Clara Buss Hankins and Emma Buss Hightower, whose gift included ten years' issues of National Geographic, 1963-1973.

Other Welcome gifts included paperbacks and magazines from Mrs. Parker Hanna, and more paperbacks from Mrs. Louise Landers and Liz Maples. Martin Noonan donated "Limbo of the

Lost," by John Wallace, that explores the Bermuda Triangle, one of the great unsolved mysteries of our time.

From Mrs. Roberta Brown of Dallas have come "I was Born Tomorrow" by Grace Nies Fletcher and "Hearts" by Thomas Thompson, also some paperbacks. Other books have been received from Mrs. Alfred Balzen of Athens and Jo Lynn Bragg.

Catherine Gross has contributed a selection of books, among which are mysteries and "The Velvet Covered Brick" by Howard Butt. Two copies of the 1973 Southwest Suburban Telephone directories have been placed in the library's reference section by Maurice Lewis of San Antonio.

Virginia Clift has donated the Vol. 1, 1974 Readers Digest Condensed Books, a four-volume Medical Encyclopedia, "Farm and Ranch Spanish" by G. W. and R. R. Kelly, and other books and paperbacks.

Lela Stout arranged a display of Valentine Craft, and Mrs. O. M. Redus brought in an attractive Valentine flower bouquet for display.

"All those overdue books readers are holding are badly needed by other readers," says Lottie Maw, librarian. "Please return them at your earliest convenience; otherwise, we shall be forced to bill readers for replacement costs. We do not charge a fine on overdue books."

Easily accessible, at any hour, is the bookdrop. Regular library hours are 11:30 a.m. to 5:30 p.m., Monday through Friday.

IN LIKE A LAMB OUT LIKE A LION

If this seems twisted around to you we intended it to be. For in this phrasing it illustrates how most people react to going to their doctor for a physical check-up. It would not be natural if you did not have some worries and thus approached your entrance into his office a little meekly.

But, when it is all over and the doctor has pronounced you fit and well it makes you want to roar out of there like a lion. The air smells a little sweeter and there is a spring to your step you didn't notice before. It's worth going!

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

A GREAT MANY PEOPLE EN- TRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy? We welcome requests for delivery service and charge accounts."

Cub Scouts express interest in Museum

One of the main goals in creating the Medina County Museum was to interest young people in history and give them the opportunity to see how their forefathers built this area.

Trips through the Museum by any other group of youngsters help accomplish this goal. And officials of the Museum are always pleased to know their work has not

been in vain. Their pleasure is doubled when they receive letters like the following ones from Den 1 of the local Cub Scouts:

"When we went to the Museum, the most interesting thing I saw was the arrowheads and rattlers. And the cactus and the old bottles and the old piano and the old chair the dentist sat in. And all them guns and I liked the branding iron. And the operator, the person who sat in that old chair. Michael Saathoff."

"Some of the most interesting things at the Medina County Museum was the dentist chair, shot gun, old telephone, old chair, bullets, horses hoofs, Indian rocks, fence wire and the butter churn. Michael Alex Mendoza."

"The most interesting

thing was the guns. They are in the Hondo Museum. I wish I had one. If I did I would take care of it and use it when I need it. Clint Marcus Modglung."

"The most interesting thing in the museum I liked was the dentist chair and the arrowheads. Your dear friend, Arthur Dominguez Jr."

"When we went to the museum I liked the arrowheads and the rattlers to the rattlesnakes best. And I liked the dentist office. But I also liked the guns. And I liked the old time school. And I liked the old time washer. With love, Bradley Gwartney."

And Cub Scouts, the people who have worked so hard to make the Museum possible certainly liked your letters. You can bet your next merit badge on that.

Library News

Hondo Public Library has received from Mr. and Mrs. D. V. Day and Jeff Day memorial books dedicated to Mrs. Mamie Spratt, Mrs. E. E. Kollman, Frank Hartman, Alvin L. Britsch and Jim Duncan.

Mr. and Mrs. Norman Buescher donated memorials for Alvin Britsch and W. M. Coker. Another memorial for Mr. Britsch was given by Sandra and Joe Mansell.

Much new and interesting material is now on library shelves through the generosity of readers. Two new Literary Guild selections are "The Snare of the Hunter" by Helen McInnes and "Sir Walter Raleigh" by Robert Tracy. Numerous magazines have been contributed by Mrs. Mildred Teague, Mr. and Mrs. O. M. Redus, the Paul Reilly family, Hon. and Mrs. John H. Poerner, Mr. and Mrs. George H. Retherford, Mrs. Winnie Braden, and Clara Buss Hankins and Emma Buss Hightower, whose gift included ten years' issues of National Geographic, 1963-1973.

Other Welcome gifts included paperbacks and magazines from Mrs. Parker Hanna, and more paperbacks from Mrs. Louise Landers and Liz Maples. Martin Noonan donated "Limbo of the

Lost," by John Wallace, that explores the Bermuda Triangle, one of the great unsolved mysteries of our time.

From Mrs. Roberta Brown of Dallas, have come "I was Born Tomorrow" by Grace Nies Fletcher and "Hearts" by Thomas Thompson, also some paperbacks. Other books have been received from Mrs. Alfred Balzen of Athens and Jo Lynn Bragg.

Catherine Gross has contributed a selection of books, among which are mysteries and "The Velvet Covered Brick" by Howard Butt. Two copies of the 1973 Southwest Suburban Telephone directories have been placed in the library's reference section by Maurice Lewis of San Antonio.

Virginia Clift has donated the Vol. I, 1974 Readers Digest Condensed Books, a four-volume Medical Encyclopedia, "Farm and Ranch Spanish" by G. W. and R. R. Kelly, and other books and paperbacks.

Leila Stout arranged a display of Valentine Craft, and Mrs. O. M. Redus brought in an attractive Valentine flower bouquet for display.

"All those overdue books readers are holding are badly needed by other readers," says Lottie Maw, librarian. "Please return them at your earliest convenience; otherwise, we shall be forced to bill readers for replacement costs. We do not charge a fine on overdue books."

Easily accessible, at any hour, is the bookdrop. Regular library hours are 11:30 a.m. to 5:30 p.m., Monday through Friday.

Students honored at Sam Houston

Five county students excelled in classwork at Sam Houston State University and were honored by being placed on the Dean's List of Academic Honors.

Four were from Hondo and include: Robin Gaye Saathoff, freshman, 3.2; Karen Jean Wernet, sophomore, 3.3; Shauna G. White, junior, 3.2; and Deborah Mae Woolls, sophomore, 3.1.

From LaCoste Catherine Biediger, freshman, had a 3.5 grade point average.

CAMP FIRE NEWS

On February 19, 1974, the Pi-Ki-Ya Campfire Girls had a normal meeting.

All had refreshments, then went to Jake's Nursery. They learned the names of the plants and they each got a plant of their own to take care of.

Meeting closed.

--Susan Gooch, reporter

Cub Scout News

At Den 2's weekly meeting, the cubs made corsages for their mothers to wear at our annual Blue and Gold Banquet on the 26th. The corsages were pink, blue and yellow. At the bottom of the corsages there was silver and gold lacing. We'd like to thank Mrs. Cyril Van Damme, our den mother, for all the help she has given us.

Chocolate cupcakes were served by Mrs. Bob Van De Walle for refreshments.

Saturday all the cubs of Pack 219 went to open house at the National Guard Armory of Hondo. We especially enjoyed riding in the army tank.

--Curt Van De Walle

IN LIKE A LAMB OUT LIKE A LION

If this seems twisted around to you we intended it to be. For in this phrasing it illustrates how most people react to going to their doctor for a physical check-up. It would not be natural if you did not have some worries and thus approached your entrance into his office a little meekly.

But, when it is all over and the doctor has pronounced you fit and well it makes you want to roar out of there like a lion. The air smells a little sweeter and there is a spring to your step you didn't notice before. It's worth going!

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

A GREAT MANY PEOPLE EN- TRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy? We welcome requests for delivery service and charge accounts.

Local girls win in 4-H Food Show

Six local girls competed against youth from 18 surrounding counties in the District 13 4-H Food Show Saturday in Devine. Cathy Cox, North Hondo 4-H Club, won top honors in the Senior Bread and

Dessert Division and will represent District 13 at the State Food Show on June 4. She won first place with her Cranberry Chiffon Pie.

Lisa Schweers, North Hondo 4-H Club, won top

honors with her Gulf Coast Shrimp Mold in Junior Snacks and Beverages.

Angela Braden, South Hondo Unit I 4-H Club, also won first place in the Pre-teen Bread and Desserts Division.

Terri Lynn Foster, North Hondo 4-H Club, won second place and a blue award for her Lone Star Chicken Rolls in the Junior Main Dish Division.

Mariette Aelvoet won a Blue Award and third place with her Green Enchiladas. Mariette is a member of South Hondo Unit I and entered the Senior Main Dish Division.

Jessica Muennink won a Red Award for her gelatin mold that she entered in the Pre-teen Side Dish Division. She is a member of South Hondo Unit I 4-H Club.

FIRST PLACE WINNERS in their division at the District 13 4-H Food Show held February 23 in Devine include (l-r): Angela Braden, Cathy Cox, and Lisa Jo Schweers.

COUNTY PARTICIPANTS in the District 13 4-H Food Show included (back row, l-r): Mariette Aelvoet, Cathy Cox, Front row: Angela Braden, Terri Lynn Foster, Jessica Muennink, and Lisa Jo Schweers, all of Hondo.

County students make SWTSU Dean's List

SAN MARCOS -- Thirty Medina County students at Southwest Texas State University are among the 3,021 university students whose fall semester grades earned them places on the fall term Dean's Honor List.

To make the regular honors list, a student must be enrolled for a minimum of 12 semester hours of course work, excluding physical education activities, and have at least an overall "B" average.

The top academic list, the Superior Dean's Honor List, requires students to have grades of "A" in at least 12 of the required 15 hours of course work, and no lower than a "B" in their other three-hour course. This averages out to a minimum grade-point average of 3.8 on the four-point scale.

The students whose scholastic average earned them a spot on the honors list are:

Superior Honor Roll
Anthony P. Stinson, Castroville; Debra A. Cheney, D'Hanis; Yvonne M. Saathoff, Dunlay; John H. Nowlin, Devine; Marcy N. Garrison, David A. McGuffin and Lee A. McWilliams, all of Hondo;
Honor Roll
Joe A. Dallal and George D. Holzhaus, both of Castroville; Paulette A. Bendele, Allegra L. Butts and Neva P. Muennink, of Devine; Mary A. Dubber-

ly, Susan V. Graff, Sharon E. Haass, Robert A. Marquis, Janice A. Martin, Claire D. Miller, Janice D. Poole, Diane L. Schulte, Gary L. Walch, Clifton L. Wiemers, Delwin D. Wiemers, Gordon O. Wiemers, Billy N. Williams and Peggy L. Wilson, all of Hondo; Rodney C. Hitzfelder of LaCoste; Martha B. Barta and Elizabeth M. Lessing of Natalia and Alva A. Stein of Rio Medina.

Sons of Hermann plan membership campaign

The Order of the Sons of Hermann in Texas will honor its pioneers with a Founders' Month membership campaign from March 1 through 31, Henry Reimer, grand president of the organization, has announced.

Initial lodge was founded in San Antonio on July 6, 1861, and was the only lodge in the state for almost 29 years. Then on March 27, 1890, with the Alamo in the background, leaders of that lodge and pioneers from seven other cities and towns, formed the Texas Grand Lodge and a statewide organization that had 242 members.

There are 161 lodges and some 73,000 members today in about 100 communities, including Hondo. The organization is well known for its many fraternal activities for men, women and children, including dancing schools and a summer camp for the latter.

Reimer has appointed Louis Engelke, first grand vice president at the Grand Lodge in San Antonio, as chairman of the campaign honoring the

German pioneers. Special and regular campaign awards will be given to members who successfully recommend new members during March. Boys and girls, nine through 13 years of age, who become affiliated during the drive, can qualify for this summer's Hermann Sons' Youth Summer Camp at Comfort, Texas.

SCHOOL LUNCH MENU

March 4-8
MONDAY -- Hot Dogs, Salad, Potato Chips, Pineapple Upside Down Cake.
TUESDAY -- Salisbury Steak, Catsup, Mashed Potatoes, Blackeyed Peas, Orange Juice.
WEDNESDAY -- Frito Loaf, Beans, Jello Salad, Cornbread.
THURSDAY -- Salmon Loaf, Catsup, Buttered Noodles, Peas, Oatmeal Cookies.
FRIDAY -- Meat Pattie and Gravy, Buttered Corn Grits, Green Beans, Hot Rolls.

Proper pruning helps fruit trees

Fruit trees usually live longer and produce more fruit when they receive proper pruning, notes Glenn Bragg, County Agent for the Texas Agricultural Extension Service.

Larger fruits and better fruit colors result from better light distribution throughout the tree after pruning. Cultivation, spraying and harvesting are also made easier by pruning.

With annual pruning, the growth of a tree can be guided to establish secure branches correctly on the main trunk. By selecting and establishing scaffold branches early, you can avoid many large cuts later on, points out Bragg.

First, prune dead or dying wood and suckers growing from the trunk and large limbs. Next remove interfering branches.

Prune limbs that grow inward, criss-cross through the tree or lie directly on or over another. Leave only those limbs that

radiate outward. After suckers and interfering branches are removed, thin the remaining terminal growth. Use discrimination and regularity when pruning the tips of branches.

Make all pruning cuts flush with and parallel to the branch structure, advises the agent. When removing the end of a branch, make the cut just beyond a side branch since close cuts heal faster.

Although late winter is the best pruning time, do not prune trees in extremely cold weather as trees may be injured.

Treat all wounds with a suitable wound dressing.

HERE IN HONDO
Albert N. Rowlett of Hondo attended the Lutheran Mutual Life Insurance Company's Leaders Conference held February 16-19 at the Maria Isabel-Sheraton Hotel in Mexico City, Mexico. Mrs. Rowlett accompanied him on the trip south of the border.

Two musicians from county participate in A&I recital

KINGSVILLE -- Eight students, with one each from Hondo and Devine, participated in recital by the Music Department of Texas A&I University in Kingsville Tuesday in the concert hall of the Frank C. Smith Fine Arts Center.

Performers included Thomas Tuggle of Tuloso-Midway, bass trombone; Herbert Lopez of Bishop, marimba; Abel Dominguez of Hondo, saxophone; Hector Loya of Hebberville, euphonium; Barbara

Elliott of Three Rivers, clarinet; Jeanie St. Leger of Devine, euphonium; Mariann Coleman of Kingsville, piano; and Juan Lozano of Kingsville, piano.

Tuggle will perform "Concertino Basso" by Lieb; Lopez, "Concertino in A Minor" by Bach; Dominguez, "Intermezzo" by Granados; Loya, two movements of "Sonata in F minor" by Telemann; Elliott, "Concerto in E. Flat" by Roessler; St. Leger, "Reverie De Prin-

temps" by Jean-Jean; Coleman, "Pour le Piano" by Debussy; and Lozano, "Pavane" by Ravel.

Bible conference in SA Monday

A South Texas Bible Conference, sponsored by eight area Baptist Associations, and featuring three outstanding Bible teachers, will meet at the First Baptist Church in San Antonio March 4-6. Dr. J. Sidlow Baxter, former pastor of the Charlotte Baptist Chapel in Edinburgh, Scotland, will team with two North Carolinians, Dr. Vance Hayner, and Dr. Eddie Lieberman, to bring more than eleven hours of Biblical instruction during the conference.

Born in Sidney Australia, Dr. Baxter was brought up in England. He studied at Spurgeon's College. He is the author of several books, including a commentary on the entire Bible.

Eddie Lieberman was raised in an Orthodox Jewish home. He was arrested six times as a youth, the last being at the age of 19 when he was imprisoned in a federal house of correction. While in prison he was given a New Testament, which led to his conversion. He later became an evangelist and

is today one of America's leading Bible teachers.

Vance Hayner was reared in the hills of North Carolina. He began preaching at the age of twelve and was ordained at fifteen. For five years he pastored the First Baptist Church of Charleston, the south's oldest Baptist church. He has been a travelling evangelist and Bible teacher since 1940.

Conference sessions will begin at 7:00 p.m. Monday and Tuesday, 9:30 a.m. Tuesday and Wednesday, and 2:00 p.m. Tuesday. The conference will end at noon Wednesday.

The sponsors invite the public to take advantage of this Bible study opportunity. There is no admission charge and no offering will be received.

IT'S GOOD FOR YOU

by Bill Butler, RPh.

Unsweetened fruits and dried fruits contain natural sugars, such as fructose, which are not decay-producing.

Scientists in California are using magnet therapy to kill tumors. Iron filings, known to make the blood clot, are injected into the bloodstream; magnet directs the filings to blood vessels that feed the tumor, cutting off its blood supply.

Doctors at Boston University Medical Center have found that a carbon-dioxide laser can remove polyps, cysts and cancers from vocal cords so accurately that healthy tissue is not damaged.

Alcohol is showing up as the new problem drug of teenagers. In Washington, D. C., there are two AA chapters especially for young people.

The Podiatry Society of New York State points out that only 1% of our population has foot disabilities at birth; 80% do at age 20. The culprits? Our shoes! Among peoples who go barefoot, only 7% have defects.

Few of our customers go barefoot regularly. That's why they appreciate the wide variety of footcare products featured at Dan's Drug, Highway 90 West, 426-3305.

Stop by for a pick-me-up for your tired toes.

Student Ag teachers to arrive March 4

There will be two student teachers from Texas A&M University arriving at Hondo March 4th for eight weeks of practice teaching in the Hondo High School vocational agriculture department. Through an arrangement with the Texas Education Agency, Texas A&M University and the Hondo High School system these young men take a part of their required Agriculture Education work here in the Hondo Schools. Through the eight weeks they are at Hondo they will teach some classes and assist in other FFA judging and cooperative FFA activities.

The two young men are both from south Texas -- Ralph Balko from Robstown, and Kenneth White from Edcouch. They are senior students at Texas A&M University, majoring in Agricultural Education.

Banquet Dates Set

The Hondo FFA chapter is busy setting calendar dates for the remainder of the school term. The dates have been set for the local FFA Parent & Son Banquet and for the District FFA Banquet at McDowell School. The District FFA Banquet is set for April 18th and the local banquet for May 2nd.

Chicken Barbecue

Tickets for the Hondo FFA chicken barbecue go on sale this week for \$1.75 per plate. The food will be served on a to-go basis from the Hondo High School cafeteria. Serving hours will be from 11:30 a.m. till 1:00 p.m.

This chapter fund-raising activity will help support the local program through the school year. In past years we were fortunate in having a hay crop for sale.

Judging Contest

The judging contest dates have not all been set

but most of spring judging events will be in April. The district Land and Range Judging contest will be held at Devine High School some time in later March. The Area VII Land and Range Judging Contest will be held at San Marcos on April 2nd.

The Livestock, Poultry and Dairy judging is all due in one week. The district contest will be held at South West Texas Junior College on April 9th and the Area VII Livestock, Poultry and Dairy contest at Texas A&M University will be April 13th.

This year, due to the fuel shortage, only 10 percent of the teams entered in Area Judging contest might move on to State competition. In past years 10 percent of all chapters in the area might qualify for State Judging. The State Land and Range Judging Contest will be April 18th at Tarleton College and State Livestock, Poultry and Dairy Judging will be April 27th at Texas A&M University.

SAN ANTONIO LIVESTOCK EXPOSITION

SELLS LAMB . . . A D'Hanis high school student sold his Fine wool lamb to the Alamo National Bank of San Antonio at the 25th annual stock show which closed there recently. Richard Rothe is shown with his lamb and Bill Perron, vice-president correspondent banking division.

Lonnie Knowles earns award from company

Lonnie Knowles, son of Mr. and Mrs. Granville Knowles of Hondo, Texas, has recently been honored by The Southwestern Company in Nashville, Tennessee. Last summer Lonnie won special recognition in competition with more than 7,000 outstanding college students who were selected from approximately 400 colleges and universities to participate in the Southwestern summer sales program.

Lonnie Knowles

In competition with hundreds of students from schools such as the University of Washington, Duke University, Vanderbilt University, M.I.T., Harvard, and Yale, Lonnie placed #67 in the Century Club, which is for high sales among the Top 100 First Year Salesmen in the Home Learning Division. Lonnie also won the Gold Award for working over 75 hours each week of the entire summer!

Lonnie was a student at Texas A&I University, but now is attending North Texas State University in Denton.

Due to the outstanding job he has done in the past, he has been asked to return as a Student Manager and to select fellow college students to join him and participate in the program again this coming summer.

Col. Weinert appointed to task force

SAN ANTONIO -- Col. McDonald D. Weinert, general manager of the Edwards Underground Water District, has been appointed by Gov. Dolph Briscoe to the state's Water Resource Conservation and Development Task Force.

The task force meets monthly and is charged with making recommendations to the governor for the action necessary to insure that enough water will be available for every part of Texas when the need occurs.

The group consists of three committees, one on

state water policy and programs, another on financing water development, and the third on federal water policy and program. Col. Weinert serves on the Committee on State Water Policy and Program.

Here in Hondo

Jimmy Mumme was home for a visit with parents and family. He joined Stella, Bob and Nancy in San Antonio for the Stock Show and Rodeo.

D'HANIS NEWS

Mrs. Louis Lutz and Mr. Fred Lutz were the honored guests on the occasion of their birthdays at a dinner at the home of the Louis E. Lutz in San Antonio recently. Mr. Louis Lutz of D'Hanis was also present.

Mrs. Louis Carle, Mrs. Lawrence Carle, Terry and Mike and Shelly Ney were in Pearsall on Wednesday evening to help Mrs. David McGehee celebrate her birthday.

Mrs. Mary Krachenfels returned to her San Antonio home with Col. and Mrs. John Johnson after spending the past three weeks as the houseguest of Mrs. Ben Koch. During her stay she was hostess for a Valentine party entertaining her friends with a Rook party at Mrs. Koch's home. The Valentine theme was carried out and the sixteen ladies present enjoyed refreshments and hand-made prizes made by the hostess. All received a heart shaped pincushion.

Mr. and Mrs. Carl Rudinger had as their guests recently her sister Christine and her husband, Charles Reil, of St. Paul, Minn. The Reils spent two weeks in the San Antonio area where they were the house guests of Mr. and Mrs. H. J. Eggen who accompanied them to the Rudinger home. Mrs. Louise Selman of San Antonio and Mrs. Louis Pichot of Hondo with whom the Reils spent two days and Mrs. Adam Weynand joined the group at the Rudinger Ranch home.

Mrs. John Reiber, Mrs. Fred Huser, Mrs. Raymond Wolff, Mrs. Henry Poerner and Mrs. Louis Lutz spent Friday in Rio Medina where they visited Mrs. Robert E. Haby.

NOTICE

In recent weeks we have received several notices of anniversary celebrations along with requests that we print them prior to the event.

We must consider this type of story as taking the place of invitations to the event and therefore, must classify them as advertising. This means we must charge with the charge being determined by the space or photos required.

Should a story describing the event be submitted after it has taken place, we will be glad to print it free of charge in the newspaper, regardless of whether a notice was bought prior to the event.

NO BEEF SHORTAGE... this year for the winner of this beef carcass. It's one of many prizes offered in a "Name the Program" contest for a new drive to develop area agricultural income. Inspecting the carcass are Wayne Hamilton [left] Program Chairman; Glen Fisher, [center] Contest Committee Co-Chairman; and Ken Graeber, [right] Program Secretary. Residents of Uvalde and Medina, as well as other surrounding counties, are eligible to enter. Agriculture earned the 18-county area over \$225,000,000 last year, and beef accounted for \$130,000,000 of that total.

Name entries must be five words or less, and must be mailed by March 6. They will be judged on brevity, originality, and applicability to the program's purposes, and the winner will be announced March 29. Examples from other areas include BIG [Blackland Income Growth] of GAIN [Greater Agricultural Income Now]. Mail entry on a postcard to Area Agricultural Development Program Contest, Box 1849, Uvalde, Texas 78801. Each entry must be mailed separately, but Program Contest, Box 1849, Uvalde, Texas 78801. Each entry must be mailed separately, but enter as often as you wish.

Easter Seal appeal opens March 1

The 1974 Easter Seal Appeal will open in Medina County on Friday, March 1, 1974, according to Allen C. Lee, who serves as Easter Seal Representative for the County.

Lee said that Easter Seal Appeal letters would begin arriving at homes in the county about March 1. As Easter Seal Representative, Lee is the person to contact to request services from the Easter Seal Society for

Crippled Children and Adults of Texas. These services include physical and occupational therapy, speech and hearing programs and special information services to help solve the many problems faced by the families of handicapped children and adults.

4-H News

The South Hondo Unit 4-H Club held their last meeting January 7, 1974 in the City Auditorium.

The program was presented by Darwin Schrader on "Wildlife."

The prayer was led by Janet Wilson and the motto and pledge by Debbie Young and Lori Mueller. Cara Modgling and Patti Seals led the song.

Treasurer's report was given by Vaughn Williamson and Kay Martin had roll call. Terri Young read the minutes.

Paula Moos reported on Council, Jerry Stanga on Rifle, and Rosemary Rios on Food. Doug and Chris Cole presented a demonstration.

There was no February meeting because of the Stock Show.

The next meeting will be March 4.

D'HANIS NEWS

Mrs. Louis Lutz and Mr. Fred Lutz were the honored guests on the occasion of their birthdays at a dinner at the home of the Louis E. Lutz in San Antonio recently. Mr. Louis Lutz of D'Hanis was also present.

Mrs. Louis Carle, Mrs. Lawrence Carle, Terry and Mike and Shelly Ney were in Pearsall on Wednesday evening to help Mrs. David McGehee celebrate her birthday.

Mrs. Mary Krachenfels returned to her San Antonio home with Col. and Mrs. John Johnson after spending the past three weeks as the houseguest of Mrs. Ben Koch. During her stay she was hostess for a Valentine party entertaining her friends with a Rook party at Mrs. Koch's home. The Valentine theme was carried out and the sixteen ladies present enjoyed refreshments and hand-made prizes made by the hostess. All received a heart shaped pincushion.

Mr. and Mrs. Carl Rudinger had as their guests recently her sister Christine and her husband, Charles Reil, of St. Paul, Minn. The Reils spent two weeks in the San Antonio area where they were the house guests of Mr. and Mrs. H. J. Eggen who accompanied them to the Rudinger home. Mrs. Louise Selman of San Antonio and Mrs. Louis Pichot of Hondo with whom the Reils spent two days and Mrs. Adam Weynand joined the group at the Rudinger Ranch home.

Mrs. John Reiber, Mrs. Fred Huser, Mrs. Raymond Wolff, Mrs. Henry Poerner and Mrs. Louis Lutz spent Friday in Rio Medina where they visited Mrs. Robert E. Haby.

NOTICE

In recent weeks we have received several notices of anniversary celebrations along with requests that we print them prior to the event.

We must consider this type of story as taking the place of invitations to the event and therefore, must classify them as advertising. This means we must charge with the charge being determined by the space or photos required.

Should a story describing the event be submitted after it has taken place, we will be glad to print it free of charge in the newspaper, regardless of whether a notice was bought prior to the event.

NO BEEF SHORTAGE... this year for the winner of this beef carcass. It's one of many prizes offered in a "Name the Program" contest for a new drive to develop area agricultural income. Inspecting the carcass are Wayne Hamilton (left) Program Chairman; Glen Fisher, (center) Contest Committee Co-Chairman; and Ken Graeber, (right) Program Secretary. Residents of Uvalde and Medina, as well as other surrounding counties, are eligible to enter. Agriculture earned the 18-county area over \$225,000,000 last year, and beef accounted for \$130,000,000 of that total.

Name entries must be five words or less, and must be mailed by March 6. They will be judged on brevity, originality, and applicability to the program's purposes, and the winner will be announced March 29. Examples from other areas include BIG [Black-land Income Growth] of GAIN [Greater Agricultural Income Now]. Mail entry on a postcard to Area Agricultural Development Program Contest, Box 1849, Uvalde, Texas 78801. Each entry must be mailed separately, but Program Contest, Box 1849, Uvalde, Texas 78801. Each entry must be mailed separately, but enter as often as you wish.

Easter Seal appeal opens March 1

The 1974 Easter Seal Appeal will open in Medina County on Friday, March 1, 1974, according to Allen C. Lee, who serves as Easter Seal Representative for the County.

Lee said that Easter Seal Appeal letters would begin arriving at homes in the county about March 1. As Easter Seal Representative, Lee is the person to contact to request services from the Easter Seal Society for

Crippled Children and Adults of Texas. These services include physical and occupational therapy, speech and hearing programs and special information services to help solve the many problems faced by the families of handicapped children and adults.

4-H News

The South Hondo Unit 4-H Club held their last meeting January 7, 1974 in the City Auditorium.

The program was presented by Darwin Schraeder on "Wildlife."

The prayer was led by Janet Wilson and the motto and pledge by Debbie Young and Lori Mueller. Cara Modgling and Patti Seals led the song.

Treasurer's report was given by Vaughn Williamson and Kay Martin had roll call. Terri Young read the minutes.

Paula Moos reported on Council, Jerry Stanga on Rifle, and Rosemary Rios on Food. Doug and Chris Cole presented a demonstration.

There was no February meeting because of the Stock Show.

The next meeting will be March 4.

1506 Ave. M

During the seven-day march, the soldiers carried a back pack containing all items needed to sustain themselves, except food, which was trucked in. With loaded pack and weapon, each man's load averaged 35 pounds.

Pvt. Camacho is a member of the Battalion's Company C.

Attend institute in Austin

The annual week of learning for Credit Bureaus of Texas is known as the Institute and was held recently in Austin.

It is sponsored jointly by Associated Credit Bureaus of Texas and Texas University Extension Service and was held in Joe Thompson Convention Center on University of Texas Campus.

There were instructors from our industries, college professors, panels made up of attorneys, and one with credit managers from every type of large business, such as banks, credit unions, department stores, oil companies, etc.

George and Evelyn Pletz were able to attend and represent the Credit Bureau Service Center and Evelyn was one of the Instructors.

Art League to meet

The Hondo Art League will hold its regular monthly meeting Monday night, March 4.

The meeting will be held at 7:30 p.m. at the National Guard Armory.

Program for this meeting will be on Indian art. It will be presented by Eugen Reinartz of Hondo.

KRME QUEEN Vicky Ybarra, daughter of Mr. and Mrs. Ramon Ybarra of Bandera, is crowned 1974 KRME Radio Queen by Mrs. John Poerner, who substituted at the event for her legislator-husband. In background are (l-r) Evelyn Burrell of Castroville and Yolanda Ramirez of Hondo. Miss Ybarra, an 11th grade student at Bandera High School, was given a free trip with her parents to Mexico City, including plane fare and hotel accommodations.

Scouting News

Den 3 met Thursday afternoon at St. John's School. We had Mrs. Phyllis Muennink come and help us make corsages for our mothers.

We practiced for our part on the program for the Blue and Gold Banquet.

Mrs. Tomey brought refreshments.

Mrs. Rogers, Mrs. Moos and our helper Lupe Contreras were all there.

Obituaries

Diane E. Collier

Diane Elizabeth Collier died in Medina Memorial Hospital February 19, 1974. She was 16 years old.

Born June 13, 1957, in Mobile, Alabama, to Robert B. Collier and Shirley Smith Collier, she moved to Hondo with her family. She was a student at Hondo High School.

She is survived by her parents; brothers, Robert Joe Collier, Allen Collier, and Curt Collier, all of Hondo; paternal grandparents, Mr. and Mrs. John Collier of Mississippi; and maternal grandparents, Mrs. Betty Goad and Mr. Albert Smith, both of California.

Rosary was held February 20 at St. John's Catholic Church, Hondo, with Rev. Victor Schmidt-zinsky officiating.

Funeral Mass said February 21 at St. John's, with celebrant Rev. George Stuebben.

Interment was in the Oakwood W.O.W. Cemetery.

Pallbearers included Duane McCartney, Donny Weyand, Glenn Bohlen, Pat S.O'Hara, Jack Martin, Robert Harrison, Bill Bende, and Tony Hackbeil.

Funeral arrangements were by Guinn-Horger Funeral Home.

Severo Salazar

Severo Salazar, 76, of Hondo died February 18,

1974, in Medina Memorial Hospital.

Born September 16, 1897, in Mexico to Pedro Salazar and Dorotea Torres, both of whom preceded him in death, he was a retired farmer at the time of his death. He was a member of St. John's Catholic Church, Hondo.

He is survived by his wife, Mrs. Concepcion Luna Salazar of Hondo; daughters, Mrs. Nick Mendoza of Hondo and Mrs. Gabriela Ledesma of Hamlin, Texas; and brother, Mateo Salazar of Hondo.

Rosary was recited February 19 at St. John's Catholic Church. Funeral Mass was said February 20 at St. John's with Fr. Vicente Arayio officiating.

Interment was in Guadalupe Cemetery.

Pallbearers included Francisco Salazar, Candelario Salazar, Cruz Salazar, Manuel Salazar, Carlos Salazar, and Lupe Salazar.

Funeral arrangements were by Guinn-Horger Funeral Home, Hondo.

John T. Martin

John T. Martin of Pipe Creek died Tuesday, February 26, 1974. He was 65 years old.

Funeral services were pending at press time Wednesday.

A complete obituary will appear in next week's Anvil Herald.

Water Quality Board selects new supervisor

Vernon R. "Skip" Francis, an employee of the Texas Water Quality Board since September of 1968, has been selected as supervisor of the agency's District 8 office in San Antonio, replacing Robert A. Carter who submitted his resignation to accept a position with the State of North Carolina.

Francis had been serving in the capacity of Assistant District Supervisor, and his appointment as head of the office was announced by Field Operations Division Director John Latchford, who stated that Francis became thoroughly familiar with water pollution problems of the area during his more than five years in the San Antonio office.

Prior to his association

with the TWQB, Francis was an employee of the Texas State Department of Health for a number of years working in field investigations of water supply and wastewater treatment.

He is a graduate of Southwest Texas State University in San Marcos, and has studied at Texas A&M University, the University of Houston, Southwest Oklahoma State and Incarnate Word College in San Antonio.

Francis also taught school for the Boerne County Line Independent School District, Harlan; Dale Independent School District in San Antonio, and the Bureau of Indian Affairs in Stewart, Nevada.

NOTICE

OF THE APPOINTMENT OF

ANGIE E. TUTSCHKE,

INDEPENDENT EXECUTRIX OF THE

ESTATE OF ENOS

NELSON TUTSCHKE,

DECEASED

Pending in the County Court of Medina County --

Matters of Probate No. 3826

To all persons interested in the above estate:

WHEREAS, on the 25th day of February, 1974, in the County Court of Medina County, Texas, the undersigned duly qualified as Independent Executrix of the Estate of Enos Nelson Tutschke, deceased:

Notice is hereby given that original Letters Testamentary on this Estate were granted, and this is to notify all persons having claims against said Estate to present the same to the undersigned within the time prescribed by law. Any person indebted to said Estate is hereby notified to pay same to the undersigned.

Angie E. Tutschke

c/o Geo. L. Wideman,

Attorney

P.O. Box 368

Somerset, Texas 78069

Independent Executrix of the Estate of Enos Nelson Tutschke, deceased.

ATTEST:

Faye E. Walker,

City Secretary

Pub: Feb 21, 28, 1974

Pub.: February 28, 1974

Water Quality Board

selects new supervisor

Vernon R. "Skip" Francis, an employee of the Texas Water Quality Board since September of 1968, has been selected as supervisor of the agency's District 8 office in San Antonio, replacing Robert A. Carter who submitted his resignation to accept a position with the State of North Carolina.

Francis has been serving in the capacity of Assistant District Supervisor, and his appointment as head of the office was announced by Field Operations Division Director John Latchford, who stated that Francis became thoroughly familiar with water pollution problems of the area during his more than five years in the San Antonio office.

Prior to his association

with the TWQB, Francis was an employee of the Texas State Department of Health for a number of years working in field investigations of water supply and wastewater treatment.

He is a graduate of Southwest Texas State University in San Marcos, and has studied at Texas A&M University, the University of Houston, Southwest Oklahoma State and Incarnate Word College in San Antonio.

Francis also taught school for the Boerne County Line Independent School District, Harlandale Independent School District in San Antonio, and the Bureau of Indian Affairs in Stewart, Nevada.

Golfers take 2nd; to host event

Devine's Warhorse golf team took top honors in the Winter Garden Relay Tournament Friday at the Carrizo Springs Golf Course.

The 27-hole Team Low event ended with Devine and Hondo tied with identical team scores of 108.

A sudden death playoff resulted in Devine's David Varra birdying the first hole to win it for the team.

SPORT FACTS

Ralph Hauger

Roger Staubach passed for 23 touchdowns this year in regular season—one shy of Don Meredith's record 24.

Where it grows makes a difference. The world's record Atlantic Sailfish weighed 136 pounds, while the Pacific record is 221. Texas record (Gulf of Mexico) is 95 pounds.

Hank Aaron, who will probably break Babe Ruth's all-time home run record early this season, never has hit an inside-the-park homer among all of his 712.

Presented by E.R. LEINWEBER COMPANY
1710 Ave. M 426-2443
Hondo, Texas
See us first for exceptional values for the entire family.

Stan Ehlinger of Devine was the Tournament Medalist, shooting 40-41-34 for a 115 total. He received the CP&L Medalist trophy.

The Warhorses received the Joe Schmidt First Team trophy, and Hondo took home the Paul Failer Second Team trophy.

Other scores were: Laredo United 109, Crystal City 110, Carrizo Springs 115, Hebbronville 115, and Pearsall 132.

Andy Armstrong of Carrizo Springs was Tournament Director.

Leading the Hondo players in the tournament was Wayne Westbrook, who carded a 122 for the 27 holes. He was followed by Mark Graff with 126, Orlando Reyes at 127, Randall Hare with 132, and Tobin Tilley with 144.

Hondo will hold its own Invitational Tournament on Saturday March 9, at the Hondo Golf Course.

Orange defeated

The Medina Valley Panthers were defeated Saturday morning in the first round of the Class AA Regional Tournament at Kingsville.

The loss was dealt by Boerne's Bobcats. The Cats took the victory, 53-42.

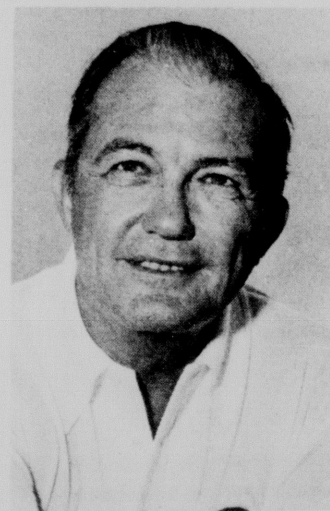

The Panthers looked like the winners through three periods, leading all the way until the fourth quarter. At that point, the Bobcats caught on fire and held the Panthers to only 6 points while they pulled ahead.

Rufus Green was the high point man in the contest as he netted 20 points for Boerne, followed by Jeff Kay with 19. Mario Garza of the Panthers had 12 points. David DeCock had 11, James Bendele had 2, Calvin Lange 4, and Keller 1.

SECOND PLACE TROPHY is presented to the Owl Golf team in Carrizo Springs, following the Owls' loss to Devine in a sudden death playoff. Both teams carded 108 scores after 27 holes of regular play. Accepting the trophy for Hondo is low-scorer Wayne Westbrook [second from left]. Other Owl players in order are Randall Hare, Orlando Reyes, Mark Graff, Tobin Tilley and Coach Terry Tilley.

Football banquet held

Coach Mike Campbell

Hondo High School's football banquet was held Saturday night, February 23.

Over 300 players, coaches and guests crowded the McDowell Middle School cafeteria to hear University of Texas Assistant Coach Mike Campbell speak.

Campbell, who has been Darrell Royal's assistant

since 1956 at the University of Washington, including Royal's whole career at Texas, gave an interesting and informative address for the players.

Another portion of the program included the introduction of each Hondo football player, and a special presentation of the All-District varsity players of the Hondo squad.

Hunting accidents down

of this year's accidents could be blamed on "hunter judgment."

"Most of these mishaps," he said, "might have been prevented if the victims had been wearing hunter orange or some other identifying clothing."

At present, Texas has no laws requiring hunters to wear articles of clothing which make them stand out against the autumn background.

However, heading the list of accidents are those classified as the result of violating laws or rules of

Cowboys lose bi-district contest

The D'Hanis Cowboys were eliminated from further post-season playoffs in a bi-district defeat Tuesday night at the hands of the Utopia Buffaloes.

The game was played before a packed house at the Hondo High School gymnasium.

But a 2-0 lead in the early moments of the game marked the only time the Cowboys were in front. Though they played within striking range of the Buffs until the final minutes, the Cowboys found themselves unable to drive into the Utopia zone for the close shots.

For their part, the Buffaloes weren't overwhelming beneath the boards, either. Neither team was often able to take more than one shot in a possession.

Bobby Joe Rothe led both teams in shooting as he racked up 21 points for the Cowboys.

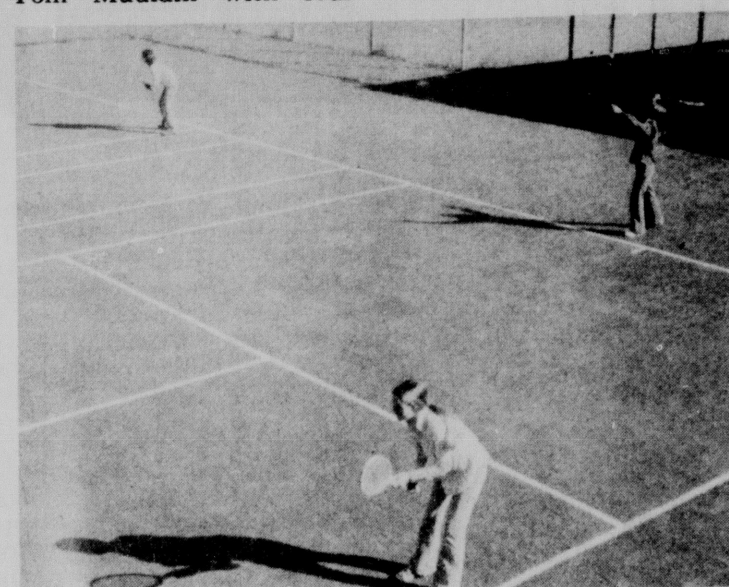

Doug Kempf added 13 points, Albert Rodriguez had 5, Richard Rothe and Charles Hood each netted two, and Ricky Rothe scored 1.

The Buffaloes were paced by Scott Amann's

17 points, followed by Wayne Boyce with 13, and Steve Thompson with 12. Other Utopia scorers included Scott Jones and Tom Mauldin with four

each and John Moore with 2.

Utopia will play this weekend in the Regional Tournament to be held at Victoria.

GIRLS DOUBLES teams were in a tough practice match Monday afternoon as this shot caught Theresa Bali preparing to serve [right center] while Kay Leinweber guards the forecourt. On other court is Shauna Graff.

Golf, track seasons begin

Golf is already underway for the year as is volleyball.

But other sports will swing into action this weekend as the full program begins.

The baseball team will travel to Somerset for Friday's (tomorrow's) opener at 4:15 p.m. The B-Team baseball will begin Tuesday at 4 p.m. at Medina Valley.

The girls volleyball team will be at Medina Valley Tuesday for a game with the Orange team. Both A and B teams will participate.

The Track Team, including Varsity and Junior Varsity units, will travel to Devine for the Devine Invitational tournament.

That event will be held Saturday, March 2.

New fish stocking method in use

Texas Landowners who have farm ponds in need of fish will find the Parks and Wildlife Department operating under a new, computerized system of distributing fish this year to private waters.

The department has a new application card which is now available from all its regional offices and the Austin headquarters. They will soon be distributed to game wardens.

Parks and Wildlife Department hatchery coordinator Ted Lowman says that the cutoffs have been changed for receiving completed applications at the Austin offices.

"This year," said Lowman, "we moved up the application date for largemouth bass to Jan. 1. Since the new program is in its first year and just underway, we plan to consider all applications for black bass which are received between now and Mar. 15."

Applications for bass received after Mar. 15 will be held until next year as with applications for sunfish and channel catfish which are received after June 1.

"Since the fish distribution program is now computerized," said Lowman, "it is important that a pondowner fill out all information blanks on the application card, otherwise the card will be void and no fish will be delivered."

Three species of native fish are available at no charge to pondowners: largemouth bass, channel catfish and sunfish.

The bass are delivered between April 1 and July 1. Catfish and sunfish are delivered between Aug. 15 and Nov. 1.

According to Lowman, the major criterion for receiving fish is that a pond must have no existing fish population.

Fingerling-sized fish are no match for adult fish which are already established in a tank," said Lowman. "The newly stocked fish end up being expensive food for the adults."

Once Lowman and his staff receive a completed application card all the information is placed on a computer and receipt of the card is acknowledged within 30 days.

A print-out of the information is sent to the regional fish hatchery and state biologists in the area. The biologist may inspect the prospective pond to see if it meets the department's criteria.

About a week before the fish are to be delivered, the applicant will be notified when to meet the hatchery personnel at a designated site which is central to both the landowner and the regional fish hatchery.

The landowner will be instructed to bring a specified amount of unchlorinated water to the location.

Another portion of the program included the introduction of each Hondo football player, and a special presentation of the All-District varsity players of the Hondo squad.

Hunting accidents down

AUSTIN -- Theron Carroll of the Texas Parks and Wildlife Department's Hunter Safety Program has the sad task of compiling a hunter casualty report this time every year.

The 1973 report is a little better, however, than last year's: 80 accidents versus 85 for 1972.

Fatalities and the number of people involved in hunting accidents are also down from last season. Some 116 persons were involved in accidents this year with 22 fatalities.

In 1972, 130 persons were accident victims with 30 fatalities.

Of this year's figure, 22 of the persons involved were 16 years of age or younger.

According to Carroll, 20

of this year's accidents could be blamed on "hunter judgment."

"Most of these mishaps," he said, "might have been prevented if the victims had been wearing hunter orange or some other identifying clothing."

At present, Texas has no laws requiring hunters to wear articles of clothing which make them stand out against the autumn background.

However, heading the list of accidents are those classified as the result of violating laws or rules of

hunter safety.

"Here is where the Parks and Wildlife Department comes in," said Carroll.

"Our Volunteer Hunter Safety Program is entering its third year and the instructors have taught some 7,000 Texans of all ages the basics of handling firearms and safe hunting."

The Hunter Safety Program is open to anyone 12 years of age or older.

Contact your local game warden for the name and address of the instructor in your area.

OUTDOORS 'n' THINGS

by
L. D. Nuckles

Texas has a peculiar situation in its sea food industry. Few states are able to match the quantity, quality and variety of our sea food resources, however, many species with high food values are not fully utilized.

In fact, many of them are not used at all as food in Texas. Drum, Spanish mackerel, king mackerel and mullet are some of the species whose potential is not reached. Much of the delicious meat of the blue crab taken in Texas must be shipped to other states to find a market.

To help the fishing industry in Texas, a few years ago the Legislature passed an act increasing the commercial license cost and earmarked the increased revenue for sea food promotion.

The Seafood Marketing Section of the Parks and Wildlife Department was formed. Federal matching funds are made available at the ratio of \$3 for every \$4 spent by the state on this project. This section is made up of a sea food marketing specialist and a professional home econo-

mist. The home economist works with professional foods people such as food editors, food chain merchandisers, restaurant operators, school lunch managers, colleges and universities and others who work with large quantities of food, as well as the general public.

In addition to working with these same people, the seafood marketing specialist works with producers, processors, fishing trade association representatives, Federal agencies and others.

One of the most important aspects of the development of the seafood industry is the expansion of the consumer market.

The seafood marketing program of the Texas Parks and Wildlife Department is directed toward more widespread education in the use of these products that come from the sea. This attempt at educating the housewives of Texas has taken several forms.

A 28-minute film was produced showing how to

buy, store, prepare and serve seafoods. This film is available to interested organizations from the Austin Headquarters of the Department or from any field information officer.

Quite often the weekly news packet that the Department mails to all newspapers has one page devoted to seafood recipes or other information that can be used by food editors.

One of the nicest things they have put out is a little packet of 12 recipes on 3"x5" cards with a divider card tabbed "seafood." These recipes are for such things as "Buttermilk Fried Fillets," "Fish Fondue," "Shrimp Victoria" and others just as tempting. Each card even has a mouth-watering colored picture of the dish.

They are available at any office of the Parks and Wildlife Department or by writing to: Seafood Marketing Division, Texas Parks and Wildlife Department, John Reagan State Building, Austin, Texas 78701.

They're free and will make a welcome addition to your recipe file.

Concerned citizens help count endangered species

"The interested public will walk the second mile for wildlife if they only know which way to walk," according to non-game biologist John Smith of the Texas Parks and Wildlife Department.

Speaking before a recent meeting of the South eastern Association of Game and Fish Commissioners in Hot Springs, Ark., Smith outlined his success in enlisting public aid for his census of peregrine falcons, ospreys and bald eagles.

In most states, game and fish departments lack the finances and manpower to learn the status of endangered non-game species.

Smith found a solution to this problem: "I began to notice that at least one of every two citizens interested in non-game species was offering his services to my project if I would only tell him how he could help."

He cited several reasons for such heartening response from the public.

"The field of endangered species is a romantic one. Many people have created interest in these species because they are new and exciting . . . and the unknown, especially when rare is intriguing."

There is also a segment of hunters and fishermen which has come to the conclusion that all wildlife is important and they want to have an active part in the non-game research. The endangered and non-game species enthusiasts are truly a composite of ideas and drives."

Smith started in 1972 to utilize public assistance on two projects: a bald eagle-osprey survey and a peregrine falcon census.

Smith said that of the 4,500 questionnaires sent out on the eagle-osprey survey, some 2,100 were returned.

"Response was so good that literally hundreds went overboard in telling me how honored they were in being asked to help, often at the expense of telling me where they saw the bird."

"There was no doubt that the public had allowed me to conduct a relatively inexpensive but effective survey of endangered species."

The public also came to Smith's rescue in October, 1973, when the second annual peregrine falcon survey was conducted along the Texas coast.

During the 1972 survey, 50 teams of from two to three people each combed Matagorda, Galveston and South Padre Islands in search of migrating peregrine falcons. A second survey with some 75 participants was conducted October 1973.

"On the whole," said Smith, "the non-professional wildliflers were quite 'professional'."

Smith concluded: "Using the public to assist wildlife research where there is not sufficient numbers of professional staff to make extensive observations will arouse the public awareness to wildlife populations, benefit the species being studied and help the project staff carry out the responsibility of endangered species programs."

Natalia & Chacon Lake News

Lester F. Kiefer

Lester Frank Kiefer of Pearsall, 55, passed away February 6, 1974, at his home after an extended illness.

Born July 19, 1918, at Garland, he was the son of the late Frank and Jessie May (Randall) Kiefer. He married Olivia Martha Zinsmeyer June 15, 1940, in Pearsall.

Survivors are his widow; one son, Roger Davis Kiefer; one sister, Mrs. Helen L. Underwood of Devine; uncles and aunts, the Arthur Kiefers of Dilley, the Sanford B. Kiefers, Mrs. Minnie Landbeck and Raymond D. Kiefer of Gonzales.

Mr. Kiefer was preceded in death by a daughter, Sharon Gayle, April 9, 1971.

He had lived in San Antonio and Dilley prior to moving to Pearsall where he and his family have lived for the past 10 years.

He was of Baptist faith. He was a carpenter and chicken farm operator.

Funeral services were held Friday, Feb. 8, 1974, in the Salmon-Jackson Funeral Chapel with Rev. Weldon Harris, pastor of the First Baptist Church in Pearsall officiating.

Burial was in the Pearsall Cemetery.

Pallbearers were Morris Zinsmeyer, Albert Zinsmeyer, Leo Zinsmeyer, Tommy Whitwell, Walter Whitwell, Clyde Whitwell, Leslie Muennink and Steve Wipff.

Mrs. Hazel L. Underwood who was accompanied by Mrs. Alice Pyeatt and Johnny H. Richardson attended the funeral.

Christening

St. John Berchman's Catholic Church in San Antonio was the setting for the christening of Heather Elizabeth, daughter of Mr. and Mrs. David M. McMillan of Center Point, on Sunday January 27, 1974.

The Reverend Albert Kippes, O.M.I., of Our Lady of the Lake College received her into the Christian life in the presence of her grandparents, Mr. and Mrs. Melton McMillan of Natalia and Mrs. Herschel J. Siffert of Eunice, La.; her great-grandmother, Mrs.

John L. Kempf of Natalia; her godmother, Miss Linda Siffert of San Antonio; and Robert Kardow of San Antonio who was proxy for her godfather, Robert Siffert of Eunice, La.,

Heather was born on Jan. 23, 1974, in the Comfort Community Hospital, Comfort. She weighed 6 lbs. 4 1/2 ounces.

A christening dinner followed in the home of Mr. and Mrs. Melton McMillan.

I'm Here

Mr. and Mrs. Maurilio Haro are the proud parents of a baby boy, Michael, born Friday, February 8, 1974, in the Medina Memorial Hospital, Hondo.

He weighed 8 pounds and 3 ounces and was 21 inches long.

He is being welcomed by one brother, Victor; two sisters, Nelda and Elsa; and his grandparents, Mr. and Mrs. A. M. Loza and Mrs. Vicente Haro of Natalia.

60th Anniversary

Mr. and Mrs. Lon Fulton celebrated their 60th Wedding Anniversary at their home on Friday February 8, 1974.

They were honored with a bouquet of red roses from their daughter Mrs. C. A. Haynes in California and cards from their sons, Bill and John, in San Antonio.

Personals

Mrs. Enos N. Tutschke has as her house guest her son, Chief Petty Officer Joseph L. Keeran, who serves aboard the USS Fort Fisher.

Mr. and Mrs. J. W. Clawson have returned from a 13-day visit at Vernon with his brother and sister-in-law, Mr. and Mrs. Jim Clawson. They attended the funeral of his brother, Dennis F. Clawson, 58, who died Jan. 30, 1974.

Larry Mays, son of Mr. and Mrs. W. A. Mays was inducted into the Army January 28 and is in basic training at Fort Polk, La.

The C. V. Kers and the A. L. Simmons visited Mrs. E. H. Whittington in the Baptist Memorial Hospital on Sunday.

Mrs. Newton Lee visited in Victoria with her sister-in-law, Mrs. Johnny Goodman, and her mother, Mrs. Agnes Curtis.
